

EXETER-WEST GREENWICH YOUTH SOCCER ASSOCIATION

EWGYSA is a non-profit organization that has provided local youth with the opportunity for learning the beautiful game of soccer while teaching our children character-building attributes which they will be able to utilize as they develop and mature – both as an athlete and as a person. Since 1996, our association has taught the global sport, while promoting the physical, social, emotional and intellectual development of children in our local communities.

Fundraising monies are utilized to improve the quality of services provided to these children. In the past, we have utilized monies to install sprinklers on our fields to help maintain some of the best fields in the state, hired professional trainers to assist our volunteer coaches, purchased new goals and nets, and given scholarships to local youth involved with the Association.
