## MATR BOOMIE through the years

Entrepreneur

POTTERY BARN

**2006**

Handmade Expressions is born! Manish travels to rural India to seek out artisan communities. Ruchi joins the business, and she and Manish set up their first HQ and warehouse (aka their Austin apartment and garage). We have our first trade show in San Francisco.

**2007**

We hire our first employee, and our first printed catalog drops.

**2008**

HME steps into the digital age with its first website. We become members of the Fair Trade Federation, and have our first order with Pottery Barn!

**2009**

We move out of the apartment and into our first real office space.

**2010**

We're featured in Entrepreneur magazine, and hit our first million in sales!

**2013**

HME becomes Matr Boomie - a name which means "motherland" in Hindi, and reflects the deep ties the company has to Manish and Ruchi's home.

**2015**

Our B2C website is born!

**2016**

We do our first retailer trip, giving some of our customers a chance to meet the artisans and see how our products are made.

**2019**

Matr Boomie goes live on QVC!

**2020**

We purchase and move into a new office space/warehouse, giving it a complete redesign.

**2022**

We launch our first line of candles, Kandu, giving us the ability to create opportunity for our community here in Austin.

**2024**

Longtime partner Alltrue launches an artisan box, filled with exclusively MB products!

**2025**

We open our first permanent showroom at AmericasMart Atlanta!

# [mä-ter boo-mē]

In Sanskrit, matr signifies 'mother' and boomie stands for 'land'. Together, Matr Boomie means motherland, the ground we walk on, the creative source.

Creating a world that is playful, compassionate, kind and connected.

To us, this is more than just business. We work diligently to provide a way to break the cycle of poverty in India and to enable our partner communities. We go beyond fair wages and actively invest in development projects, healthcare, and education. It is about changing lives and creating a more beautiful and kind world.

SUSTAINABLE  
bone craft

Master artisans in North Central India collect bones from naturally deceased animals to create functional and decorative items. This process prevents waste from entering landfills and involves no harm to animals. Each bone is thoroughly cleaned and sanitized before skilled makers hand-carve and inlay it into beautiful, intricate designs.

## THE ART OF handmade paper

These paper products are made using 100% recycled textile industry waste. Artisans collect discarded cotton scraps, and break them down into pulp. This pulp is pressed into sheets and hung to dry. It is a delicate process that only master artisans can execute after years of training. This tree-free & eco-friendly paper is then decorated with silk screen patterns.
