- › ALL NATURAL LIP BALMS & SCRUBS › MASSAGE & BODY OILS › ROLL-ON FRAGRANCES

ALL PRODUCTS IN THIS CATALOG ARE HANDCRAFTED IN THE USA

Welcome! We are a 9-year-old family-owned business offering luxurious, high-quality Goat's Milk and Olive Oil bath and skin care products. Our soaps are handcrafted with quality ingredients using only extra virgin olive oil and 100% pure goat's milk. We started this business because we believe that there are so many inferior bath products being used, but many people don't know what quality bath products feel like and the benefits they provide for your skin. Most of us bathe every day (at least, I hope you do!), so it makes sense to use products that make cleaning more enjoyable and promote healthier skin at the same time. We used commercial, mass-produced bath products for years, and when we finally tried high-quality products like what we offer, there was no going back. The difference it made to our skin was noticeable and felt great! We then felt compelled to spread the word to our family and friends. When we gave some of our goat's milk products to them, they came back to us asking where they could get more.

That is, when we decided to start the Grecian Soap Company in California, USA!

The products we offer have some great benefits to promote healthy skin: Goat's milk & olive oil soaps are known for their nourishing and moisturizing qualities, as well as proven health benefits due to their many nutrients. They are pH-balanced to match your skin, so they are easily absorbed and leave a clean, fresh, and soft feeling that lasts. Alpha Hydroxy Acid contained in goat's milk removes dead skin cells and has anti-inflammatory properties that help heal skin. Many soaps we offer have an embedded natural sea sponge that goes right through the soap. It's like having a built-in washcloth or scrubber to exfoliate and clean at the same time gently! Also, check out our goat's milk face, hand, and body wash for people who prefer a liquid soap over a bar.

Our natural sea wool sponges and Caribbean Silk facial sponges sponges are some of the finest bath and body accessories you can buy. They are naturally anti-bacterial due to enzymes in the sponge that prohibit mold and mildew, and they last for many months or years. Besides, they feel great! Several sizes and types are available.

We also offer ultra-premium 81% organic goat's milk lotions that nourish, moisturize, and hydrate your skin, making it smooth and radiant. This lotion has aloe leaf juice as the first ingredient instead of water, like most other 'premium' lotions. Available in 14 incredible fragrances! Also, check out our rich avocado body butter and emulsified salt and sugar body scrubs.
