## NEW SEASON, NEW YOU!

**We are so excited for you to discover a new era of soft silhouettes!**

This season we wanted our Bags to represent every part of your customers' life from new softer textures and minimal timeless fashion, to chic athleisure. We have been working with new suedette materials and subtle buttery vegan leathers to introduce our new era of designs created to complement the way we are wearing our bags more. Soft powder blue, new neutrals and peony blush pinks are paired with vibrant fuchsia suedette pieces and sunset coral tones to create a collection that feels feminine, timeless and fun!

This season is all about the little design details – new soft supple materials, offset flowing strands and unique golden hardware clasps. We know our customers love that our bags work hard for them, with multi uses, unique straps and functionality, they really deliver quality and practicality that is important.

Mother's Day is an important gifting occasion and our new collection is designed to recognize every single mom, while sitting perfectly with our bestselling Bags, Accessories and Waterproof Jewelry. Our reimagined Birthstone Collection with new golden set hardware includes Pouches, gift boxed Keychains and Waterproof Bracelets and is designed to be gifted - this is our newly anticipated bestseller! Finally, our new collection of bag straps with woven summery details and Laila Crossbody Collection are sure to be bestsellers, while our updated Hallie and Marni collections are joined by new season silhouettes Celina and Meela.

You can shop our SS25 Collection by visiting one of our stunning showrooms or via our B2B website - here's to another successful season!
