From the fast-growing series Terra Babies at Home comes a new board book where tots will learn everything they need to know about furry, fluffy, and all-around adorable friends

*My First Book of House Pets* is a beautiful introduction to the world of furry, fluffy, and all-around adorable pets for babies and toddlers. Like other titles in the earth-friendly series Terra Babies at Home, this book helps tots to develop a connection with the natural world, and it is made with FSC materials and nontoxic inks.

Simple and quirky text pairs with charming art by Åsa Gilland in this book where animal lovers will learn about house pets in a friendly and accessible way while being introduced to basic concepts of animal care and the environment. Readers will learn that fish can breathe underwater, rabbits eat hay and veggies, and hamsters are lively friends. And that's not all: the book shows readers how to become a "mini veterinarian" so they can take loving care of their pet!
