DEAR CUSTOMERS,

Welcome to our new Fall/Winter 2022 Wholesale catalog!

Zig Zag Asian Collection is designed by us, a team of 4 women, and produced by our artisans in Nepal & Thailand, with whom we've been growing for over 20 years, mixing traditional techniques with contemporary fashion.

As the weather cools and settles into blustery days, we've got more opportunities to be cozy by the fire. Our new collection features warm knits, cozy fleece, soft organic cottons, and elegant bohemian apparel, reflecting our Santa Cruz California roots. Our Fall/Winter line also includes our best-selling Brushed Woven Collection, our famous handknit hats and gloves, and cozy eclectic jackets.

We invite our customers to remain mindful of the fact that the pandemic and war continues to hinder infrastructure and distribution throughout the world. You may notice an increase in price in some items since last year. This is to ensure we maintain a fair share for our craftspeople. Part of the "slow fashion" movement is recognizing the obstacles in the supply chain, and sticking to ethical practices nevertheless. We love our grassroots network of artisans abroad, and when you purchase these products, you help support their livelihoods, especially now.

We strive to remain aware of our environmental impact. The most beneficial thing we can do for our environment is cease the production of poorly made fast fashion. By purchasing clothing that lasts, we can minimize our impact on the Earth.

We thank you, our customers, for your continued commitment to a more sustainable future.

X O X O,

AFRID CHOFRANI

UPCYCLED MANDALA MATS

Our colorful mats are handcrafted in cottage industries by Thai women, who fold and sew them from upcycled fabric scraps. This reduces the amount of textile waste that would otherwise go to landfill. Each mat is its own unique piece of art designed by the individual craftsperson. They are durable and machine washable and cotton lined underneath. To choose a mat, we can supply you with photos of available stock and you can hand select your favorite ones.

ETHICALLY SOURCED SILVER...

Our popular sterling silver jewelry is hand crafted in Nepal and Thailand, following traditional methods. This is reflected in the masterful silver smithing and stone setting from our artisans in Nepal.

Our tribal silver jewelry is sourced from Hill Tribes in Northern Thailand. Each design is hand-molded and hand-stamped, giving every piece of jewelry a distinct human touch. Hill Tribe silver contains a higher percentage of silver than sterling. Consequently, handmade Thai silver jewelry has an unmistakable glow.
