See page 79 for the exact details of what you receive when you order PAK-029.

POOPOOPAPER™
RECYCLED & ODORLESS PAPER PRODUCTS
MADE FROM POO!

Welcome to the **POOPOOPAPER™** Wholesale Catalog!

For those of you who are existing customers, you'll find a fantastic selection of new **POOPOOPAPER™** products included in this year's catalog. We have added 15 new collections to the **POOPOOPAPER™** roster this year. We've refreshed some of most successful collections. We expanded our selection of Horse and Cow **POOPOOPAPER™** available and added some completely new themes in all varieties of poop with our Someone Who Loves Me Collections, the Hilltribe Collection and our Hearts by **POOPOOPAPER™** Collection. We've been hard at work so hopefully you like what you see! If you're new to the **POOPOOPAPER™** experience, you may be interested to know that in 2003 what started as a hunch and a successful market test at our local zoo has evolved into a very cool little company that is now making people laugh and ponder in over a dozen countries on three continents. What started out as The Great Elephant PooPooPaper Company (focused exclusively on recycled paper products made from elephant poop) has now evolved into the playfully outrageous **POOPOOPAPER™** Brand - recycled and odorless paper products made from a variety of different types of animal poop. Our growth has broadened our ability to spread the word of sustainability to tens of thousands more people looking for unique, fun, sustainable, educational and meaningful products.

From POOP to **POOPOOPAPER™**

Here's the scoop about our poop: elephants, cows, horses, donkeys, pandas and other animals each large amounts of fibrous vegetation every day. They also have relatively inefficient digestive systems which means that when they poo (it's not gross since these animals don't eat meat, fish, cheese and other stinky foods) it's filled with lots of intact fiber. Well, this fiber makes for great pulp for paper making. That's where we come in! We make raw sheets and rolls of paper and then craft all sorts of **POOPOOPAPER™** products from that paper. Go figure! With all the concerns these days about deforestation and the need to recycle, we believe our products are a fantastic example of sustainability and recycling since we are utilizing an abundant waste material and repurposing it to make something new and functional. The fact that **POOPOOPAPER™** is totally fun and memorable goes a long way too by inspiring innovative, creative and sustainable practices and solutions to our shared environmental challenges.

Look Who's Talking . . .

POOPOOPAPER™ has been featured in dozens of major print, television and digital media publications over the last several years. These are just a few of them but by no means endorsements of our products.

Artisan Made and More Than Fair Trade

Our production facility in Thailand recently had a thorough social audit completed according to Social Accountability International SA8000 standards. We rated in the 80th percentile. We are incredibly proud of this and think that this is important for all our customers to know.

The SA8000 social audit was developed to help ensure that workers of the world are treated according to basic human rights principles. "SA" stands for social accountability and is run by Social Accountability International (SAI) which was founded in 1997. It's a global standard-setting non-profit organization dedicated to improving workplaces and communities and is based on the UN Universal Declaration of Human Rights, Convention on the Rights of The Child and various International Labor Organization (ILO) conventions. SA8000 covers the following areas of accountability: Child labor; Forced labor; Workplace safety and health; Freedom of Association and Right to Collective Bargaining; Discrimination; Discipline; Working hours; Remuneration; Management systems for Human Resources. as of December 31, 2008, 1,067,703 workers in 66 countries in 67 industrial sectors were employed at 1874 factories, stores and farms certified to SA8000 standards.

SAI has established one of the world's preeminent social standards - SA8000 standard for decent work, a tool for implementing international labor standards - that has improved the lives of over one million workers. The SA8000 standard leverages the power of businesses and consumers to purchase products made from workplaces that enrich, not denigrate, the livelihoods of people.

PEACE OF POO
ELEPHANT POOPOOPAPER

In response to the popularity of our original Peace Scratch Pad, we're happy to offer this new multiple color assortment. This Peace of Poo Pre-Pak is made with elephant poo and includes 80 assorted hand-crafted scratch pads plus the display shown. This classic peace sign icon goes hand in hand with the message of sustainability and optimism that our POOPOOPAPER products try to convey. If you prefer, you can purchase open stock and order specific line items below.

POOPOOPAPER™ *Floral*

RECYCLED & ODORLESS PAPER FLOWERS
MADE FROM POO!

"Paper roses..." Not quite like the song.

But like most modern and hot-house roses today ... they have no smell, and in this case, that's a good thing!

Hand-crafted from Elephant, Cow and Horse Poopopaper™ our roses are the perfect choice for those who appreciate the unusual and the humorous. They are also sustainable, recycled and ecologically sound and are a thoughtful and sensitive way to even touch those who are not able to receive real flowers due to allergies or illness. Poopopaper™ Roses are available and packed as single stems or in half dozen bouquets and include a humorous mini-greeting card!

Go ahead, stop and smell the roses!

JUNGLE SAFARI
ELEPHANT POOPOOPAPER™
 The cool cats, the giraffe and the zebra, all make for one groovy neighborhood. This pre-pak remains one of our most popular collections ever! Using several layers of colored Elephant POOPOOPAPER we create these incredible animal patterns. The handwork is amazing in this collection which includes: 16 assorted journals, 25 assorted mini journals and 25 assorted scratch pads.

POOPOOPAPER™ - Our Commitment to Environment and People

1. Our paper is tree-free. We're beyond making paper from tree-based pulp. Our products are an excellent example of recycling and sustainability - by taking actual waste and re-purposing it into functional alternative-fiber paper products we're on the leading edge of progressive recycling initiatives.
2. We have evolved to now print and color over 95% of our products with natural soy-inks and non-toxic and edible food coloring.
3. We have and will continue to support elephant welfare and conservation initiatives and support large and small organizations, schools and individuals with a focus on preserving the natural environment. We have supported such efforts with cash and in-kind donations.
4. We operate a flex-work cottage-based manufacturing production framework in Thailand where many of our crafts people (over 95% females) have the opportunity to work at home with flexibility to attend to their own seasonal harvesting commitments as well as maintain their family household management responsibilities. Incomes generated often enhances largely agriculture-based family incomes.
5. We provide employment to many ethnic minorities many of whose parents originate from areas in proximity rife with political conflict and lack of basic freedoms. Many others of our staff otherwise would not otherwise be able to find reliable, meaningful employment in the local market due to local biases, discriminatory practices and restrictions of mobility. We assist with necessary work permits and pay a fair and legal wage with all our employees having social security benefits including a retirement savings and unemployment insurance plan as well as a comprehensive health care package.

POOPOOPAPER™ - Our Products and Your Store

What's great about **POOPOOPAPER™** is that it sells in such a wide variety of retail settings to such a broad range of consumers. This is probably because **POOPOOPAPER™** means different things to different people: it's eco-friendly; it's a product with a social conscience; it boosts spirits and inspires; it's sophisticated and clever; it's shocking and memorable. **POOPOOPAPER™** is even a great gag or novelty item, if nothing else! **POOPOOPAPER™** is available in over a dozen different collections and themes with hundreds of items.

As a result of this, **POOPOOPAPER™** graces the shelves of some of the countries finest museums and cultural and natural attractions but at the same time sells just as well in a quaint country store, bookstore or local gift shop. **POOPOOPAPER™** is such a unique, multi-dimensional and happy product that it's difficult not to be able to appeal to everyone on at least some level! If you have customers that like to smile then **POOPOOPAPER™** is a perfect fit!

When you order **POOPOOPAPER™** products for the first time you will receive an in-store signage set that will be both humorous, educational and unforgettable for your customers. Make sure you use it. **POOPOOPAPER™** sells best when the merchandising signage is used prominently alongside one of our merchandising displays which are available as part of our pre-pak kits or are available for purchase as a stand-alone item. We'll gladly provide a display free of charge for any opening order of \$500 or more.

"WE'RE NUMBER ONE AT NUMBER TWO!"™

Order Processing, Shipping and Customer Service

1. To order our products, contact your local sales rep, email us, call or fax us. Our details are on the rear cover of this catalog and on our order sheets.
2. Quickest and best customer service is experienced when you contact us by email at wholesale@poopoopaper.com or call us at 1-877-POOPOO-1 (1-877-766-7661) . For billing and invoicing questions EMAIL us at beancounter@poopoopaper.com .
3. We aim to process most wholesale orders within 1-3 business days of receiving your order (excluding time in transit). All orders ship from our warehouse in Ft. Worth, TX. We ship using UPS Ground or FedEx. Most destinations within the continental USA are delivered within 4 days by normal ground courier service.
4. For customers in Canada, we ship Canada-bound orders in a consolidated truck from our Texas warehouse every two weeks. Canadian orders typically require 7-21 days for delivery depending on customer location and what day in our weekly cycle your order is received. Canadian customers are only responsible for Canadian shipping charges from our Burlington, ON, Canada shipping point origin . Any customs, brokerage and US related shipping charges will be 100% absorbed by POOPOOPAPER CO. Canadian and USA wholesale prices are at par.
5. By default, we send invoices out by email. Alternatively, we can send invoices by fax or by regular mail. You can indicate your preference when establishing an account with us when completing our New Customer Form.

Other Important Information:

1. Our MINIMUM ORDER is \$500.00. MINIMUM RE-ORDER is generally \$500.
2. All opening orders are payable by credit card (VISA, MASTERCARD only) or check payment in advance. Institutions such as museums, zoos, aquariums, national parks can submit credit references for terms on initial orders.
3. Credit terms may be approved after three consecutive and successfully charged credit card orders provided that customer submits a credit reference sheet and customer is approved for credit terms.
4. Two percent (2%) interest per month will accrue on any invoice amounts overdue.
5. On receipt of your order, please check shipment against packing list provided. Any missing or damaged items must be reported to wholesale@poopoopaper.com within five (5) business days following receipt of shipment.
6. Any orders cancelled after shipping date but before receipt of product are subject to a 20% re-stocking fee plus freight charges. We have fixed and un-recoverable costs that are incurred at our warehouse in such cases.
7. Returns are accepted provided that goods are returned in unaltered and saleable condition within 10 business days of initial receipt of shipment. No returned goods can be accepted without a pre-issued Return Authorization number. RA #'s can be obtained by emailing us wholesale@poopoopaper.com. Customers are responsible for both outbound and return inbound shipping charges on all returned goods plus a 20% re-stocking fee. The return address differs depending on which part of the country you are located. When you call for an RA# you will be advised of the correct return address.
