buyer's guide

# Welcome to the Simple Curated Custom Printed T-Shirt Bundle.

Our Custom Printed T-Shirt Bundle has been developed to specifically address the needs of the custom decorated apparel market. Previously the complexity of purchasing custom printed apparel has left many businesses and individuals searching for a much easier solution. With our curated bundled solutions you no longer have to struggle with finding quality art, paying expensive set-up fees, or investing in high minimum runs. You now have the ability to choose the print technology that works best for you, traditional screen printing, direct to garment printing or a combination of both processes with our hybrid solution.

By streamlining the purchasing process down to a curated line of apparel we can ensure that you get the best prints, at the best price, on the best products. From great promo tees for those clients on a budget to higher end retail tees for branded merchandise, the Simple Curated Custom Printed T-Shirt bundle has you covered.

Need something different? For 2024 we're now offering a Hybrid DTG & Screen Printed Bundle at a lower price point as well as an Inflation Fighter 1 Color Screen Printed only option for those clients on a tighter budget. Get in touch today to discover what we can do for you!

# Getting Started with Garment Printing

## WHAT IS DIRECT TO GARMENT PRINTING?

Direct to Garment Printing or DTG for short, is a printing technology that jets an eco-friendly water based ink onto the garment to create your image. The ink is bonded onto the garment by a pretreatment layer that is then cured in a textile dryer.

## WHAT IS SCREEN PRINTING?

Screen printing uses a plastisol ink pushed through a synthetic mesh screen by a squeegee to create your image. A unique screen must be made for each color element of your design. The individual screens are then registered and printed layer by layer onto the garment. The final step is to cure the ink in a textile dryer, which bonds it to the shirt.

## WHICH IS "BETTER" - SCREEN PRINTING OR DTG?

They both have their best use case scenarios.

DTG printing truly excels in cost and print quality on full color detailed images on short run orders of up to 288 pieces. Screen printing offers a great value on 1-3 simple solid color graphics on run sizes greater than 48 pieces.

## WHY CHOOSE GARMENT GEAR?

That's a great question. We've been designing & printing garments for over 20 years. During that time we've produced millions of shirts for thousands of clients and have continued to expand to offer you the latest & greatest in print technologies.

## EXAMPLES OF DTG OR SCREEN DESIGNS

The images below are examples of what types of designs are the best use case of each printing method.

## Design Service

Need help creating custom professional art for your project? Let our creative staff turn your unique vision into reality. With decades of experience in apparel printing our experts can create unique designs that exceed your expectations.

## Shirt Collections

We've taken the worry, headache and confusion out of searching for the best apparel. Our 20 years of printing experience has led us to develop these carefully curated products across a range of options, all offering outstanding quality and value.

## Printing Process

Our Kornit digital prints are full color HD images using high vibrancy, eco-friendly water based inks. Screen printing utilizes traditional non-phthalate Wilflex plastisol inks based on the Rio Mixing system as well as Rio RFU stock colors.

## Placing Your Order

**1. SELECT** your ideal garment. The apparel is conveniently separated into clearly labeled collections with a simple explanation of "Why We Like It".

All you need are your sizes and desired shirt colors.

**2. CONTACT** our helpful customer service reps to request a unique custom design from our in-house creative professionals and to place an order.

**3. PROOFS & PRODUCTION.** Proofs of your order and art will be posted to our online system for review. Once it's approved sit back and relax! We'll take care of everything in 7-10 days, shipping directly to your desired location. Let's get your project started today.

## TERMS & CONDITIONS

### PAYMENT:

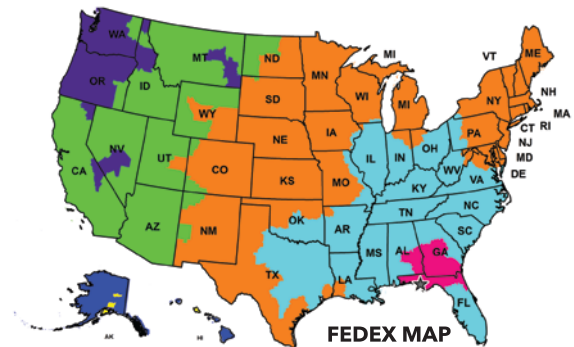

Our customers are offered a variety of payment methods including cash, checks & credit cards for an additional 3.5%. Customers with approved credit are eligible for standard net payment terms of 30 days.

### ART & ORDER APPROVALS:

All orders will be processed through our approval system and must be authorized prior to production. If there are any errors in the art or order confirmation a revised confirmation(s) will be sent for authorization. Please be sure that you receive your approvals. If you did not receive confirmation then we have not received your order.

### 3 DAY EXPRESS:

A rush service of 3 production days is seasonally available for an additional \$50.00 or 30% of total order. You must receive verification of availability from a customer service representative for this service.

### FEDEX / UPS SHIPPING TIMES:

We're conveniently located in the Florida Panhandle with a 2 Day Ship time covering most of the Southeast.

### SHIPPING:

We'll ship via FedEx or UPS as specified and approved by our customers. Local clients are invited to contact customer service to coordinate pickup.

### PRODUCTION TIMES:

Please allow for 7-10 business days for your order to be produced after all approvals. Production times start after we receive order approval and/or art approval, whichever comes last. If you require a Firm In Hands date please contact your customer service representative to verify availability.

### SPOILED OR DAMAGED PRODUCT:

We make every effort to ship your order complete, however you can expect a spoilage rate of between 1-3% per print location. If your order requires all garments to the exact piece please notify your customer service representative that your order is a "HARD COUNT" This may require additional production days.
