

Do Good. Live Better.

Inspired by Mother Earth:
a compostable toothbrush handle
made from a superplant - bamboo.

- ✓ Supports charitable causes
- ✓ 100% compostable handle
- ✓ Lightweight ergonomic design
- ✓ USA founded company
- ✓ FDA registered

MamaP doesn't play around when it comes to sustainability - removing almost all plastic from our supply chain. In fact, the only plastic components you'll encounter on our brushes are the nylon bristles...and even they are recyclable! The resulting product is a true testament to eco-friendliness.

Choose Color - Support Cause

Nature Preservation
Ocean Conservation
Save The Bees

Social Good
Mental Health
Women's Rights
LGBTQ Equality

Proudly Support Non-Profits

MamaP specializes in natural products to replace household plastics. Our purpose is to leave this world a better place than how we found it. We give back - portion of every purchase supports social and environmental causes. We are different - as a woman- and minority-owned business, the principles of diversity and integrity drive our operations.

Turtles don't find us appetizing.

MamaP is Mother Earth. Our name is inspired by the Incan goddess, Pachamama. We've shortened Mama Pacha to MamaP - symbolizing our goal of combining the ancient and the modern to produce sustainable solutions for today's world.
