DEAR CUSTOMERS,

Welcome to 2022 and our new Spring Summer Wholesale catalog!

Zig Zag Asian Collection's clothing is designed by us, a team of 3 women, and produced by our artisans in Nepal & Thailand, with whom we've been growing for over 20 years, mixing traditional techniques with contemporary fashion.

As the season shifts to warm, longer days and more opportunities to enjoy the sun, we're proud to present our new Spring Summer 2022 Collection. This new line features cheeky vintage style crochet, comfy organic cottons, and soft bohemian loungewear. Perfectly draped in bright colors and luxurious lightweight fabric, many of these pieces carry over from beachside essentials to effortless eveningwear. With this new collection we aim to embody the feeling of a Santa Cruz Summer: sustainable, playful, and carefree. Pages 1-34 feature the newest items in our line.

We invite our customers to remain mindful of the fact that the pandemic continues to hinder infrastructure and distribution throughout the world. Part of the "slow fashion" movement is recognizing the obstacles in the supply chain, and sticking to ethical practices nevertheless. We love our grassroots network of artisans abroad, and when you choose to purchase these products, you help support their livelihoods, especially now.

We thank you, our customers, for your continued commitment to a more sustainable future.

TRIBAL BAGS

We source our tribal bags from different geographical areas known for their traditional embroidery, hand-dyed indigo, and upcycled vintage fabrics. Our bags feature embroidery from Thai hill tribes such as Akha, Hmong and Lisu. Each bag is slightly unique, giving every piece a distinct human touch.

UPCYCLED MANDALA MATS

Our colorful mats are handcrafted in cottage industries by Thai women, who fold and sew them from upcycled fabric scraps. This reduces the amount of textile waste that would otherwise go to landfill. Each mat is its own unique piece of art designed by the individual craftsperson. They are durable and machine washable and cotton lined underneath. When you choose our mats we can supply you with photos of available stock and you can hand select your favorite ones. To choose a mat, we can collaborate with you by sending you photos of our available stock, and you can hand-select your favorite.

FELTED ROCKS

Our "soft" rocks are hand felted in Nepal from 100% wool. These rocks are available in four sizes, three colors, and two shapes. Like natural rocks, they have unique patterns that make them all one of a kind. The small and medium rocks can be used for displays/ decoration, while the large and extra large rocks are perfect for sitting floor pillows. These items are handmade, so the dimensions are estimated.

ETHICALLY SOURCED SILVER...

Our popular sterling silver jewelry is hand crafted in Nepal and Thailand, following traditional methods. This is reflected in the masterful silver smithing and stone setting from our artisans in Nepal.

Our tribal silver jewelry is sourced from Hill Tribes in Northern Thailand. Each design is hand-molded and hand-stamped, giving every piece of jewelry a distinct human touch. Hill Tribe silver contains a higher percentage of silver than sterling. Consequently, handmade Thai silver jewelry has an unmistakable glow.
