Dear Loyal Member,

April was a productive and successful month for America First grassroots Caucus. Many of us attended the Fauci protest followed by a rally at Five Points Park where at least 300 Patriots converged in celebration of accomplishing a protest. It was great fun to advertise America First.

At last month's membership meeting we had compelling speakers from Lotus-Shadows who discussed their vocation in rescuing children from human trafficking. Their latest rescue was in our front yard in Venice. As this information is difficult to digest, it is necessary for us to be informed. It is comforting to know that we have this skilled organization next to us in Charlotte County. Amen to that!

In this off-election year, we will continue to educate ourselves, so we are prepared for the candidates and the issues that will confront us. America First is providing the ammunition for next year's battles. This month we will have a presentation from two members who will introduce the serious discussion of an Article Five Constitutional Convention. This is CRITICAL to our country's future. Please attend if you are able.

I will continue to keep you informed about our lawfare suit. The four defendants have a deposition on May 13th. This is good because we get to speak and tell our story. Our excellent attorney is meeting with us and preparing us for this opportunity.

Your Vice President, Mike Stephenson, and I are preparing to delineate our young America First Caucus. Your input is welcome and encouraged at all levels of involvement. Our previous organization is gone, and we are growing and creating a strong group to be prepared for the future. The Board and I can't do this alone and invite each of you to be a part of it.

Please join us for a political comedy team coming to the Venice Community Center this Monday, May 5. The tickets are available online and America First gets a 15% discount using the promo code AFSWFL.

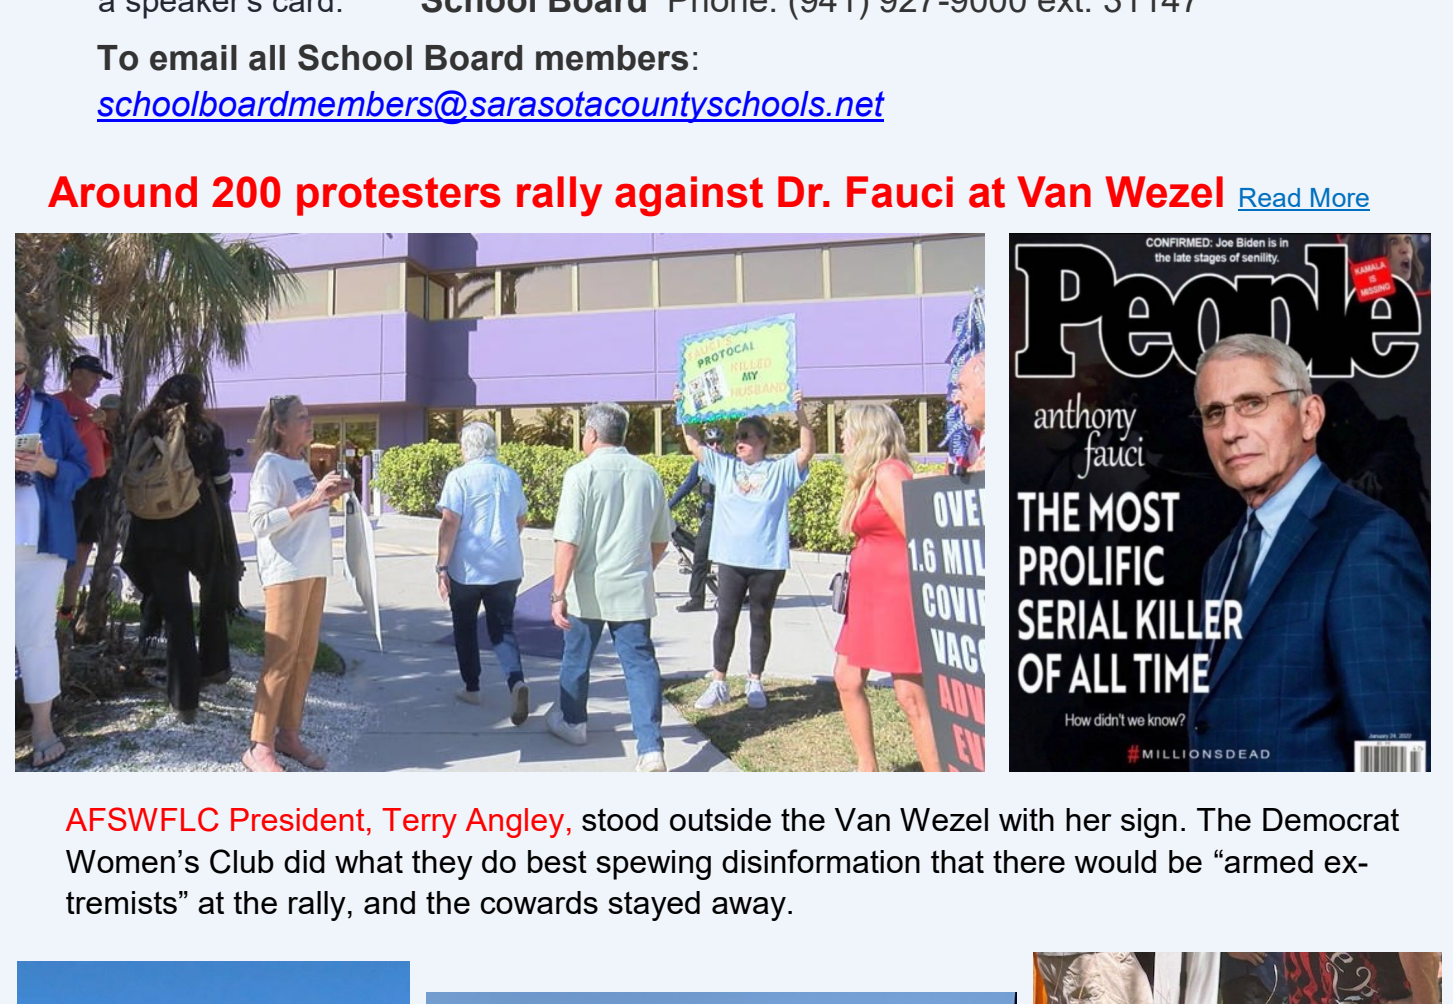

May God bless us and may He bless America.

Terry Angley
President

MAY MONTHLY MEETING REMINDER

Meetings are the second Wednesday of each month at the Venice Community Center. Light refreshments are served at 11:00 am. The announcements start at 11:30 am. The speakers are Rick Mikluscak and Vic Rohe presenting the Article V of the U.S. Constitution Convention, which states "shall propose Amendments to this Constitution for proposing Amendments." MAY 14, 2025. JUNE 11, 2025, is the next month's AFSWFLC scheduled meeting.

April Meeting Highlights

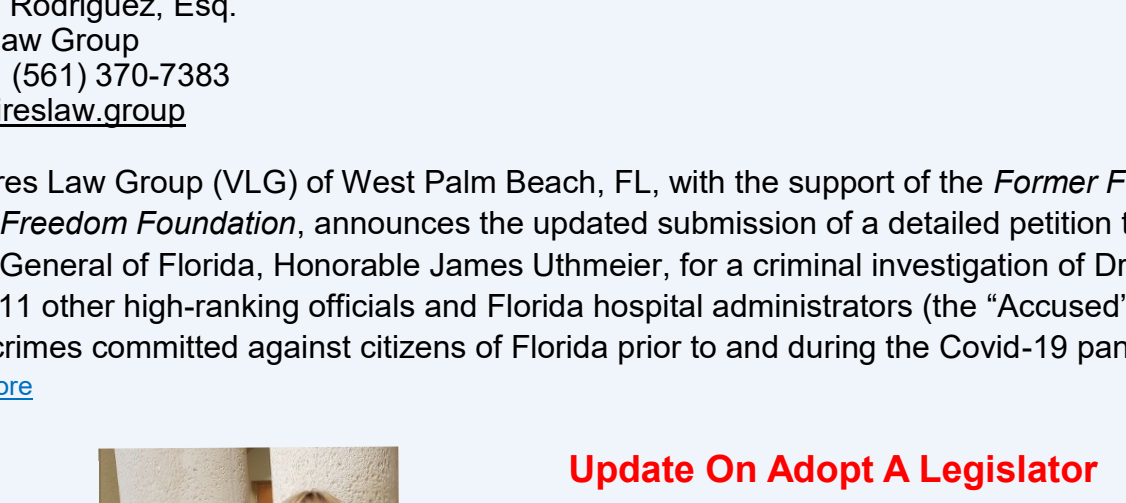

Michelle Pozzie and Vic Rohe brought us information to join freedom warriors, doctors, and activists at the Dr. Fauci (sic) speaking event 4-14. Vic had posters printed to express contempt for the man who lied about "safe and effective" vaccines, masking and 6 foot spacing.

Staff Sgt. Sheila Gallo, (ret USAF) co-founder of Lotus-Shadows, a local rescue and advocacy group for survivors of sex trafficking, spoke to us.

The lotus is the symbol of light and life. She explained how prevalent sex trafficking and abductions are with 50% done by family and friends. Sarasota is a national hot spot at #3. She left us the message "Be Aware."

Around 200 protesters rally against Dr. Fauci at Van Wezel

AFSWFLC President, Terry Angley, stood outside the Van Wezel with her sign. The Democrat Women's Club did what they do best: spewing disinformation that there would be "armed extremists" at the rally, and the cowards stayed away.

Is that a sniper posted on the roof? Why were the police expecting trouble from a group of conservative activists?

Florida Surgeon General Ladapo said in reference to the experimental mRNA COVID-19 shots, "I don't think anyone probably should be taking them. They have a terrible safety profile," he repeated.

"We have, unfortunately, a CDC and FDA who the most consistent thing they've done is deny the truth." There is factual, well-sourced information supported by peer corroborated scientific data. Dr. Ladapo's comments about the 2024 election: "Just as in Florida, it's time to say "No" to trampling on people's rights to gaslighting citizens about experimental vaccines that harm instead of help and to puzzling doctors who dissent with orthodoxy. Light triumphs over darkness."

State Surgeon General Dr. Joseph Ladapo announced recently: "Due to the neuropsychiatric risk associated with fluoride exposure, particularly in pregnant women and children, and the wide availability of alternative sources of fluoride for dental health, the State Surgeon General recommends against community water fluoridation."

Excerpts from General Flynn's latest letter to America:

"America is Facing the Most Consequential of Times in all of U.S. History"

"In today's environment, we face a time of consequence like few throughout U.S. history. The very fabric and reputation of our nation internationally are at risk, and we have a dangerously mounting threat internally from a formidable and vast, over-reaching federal government."

"America is facing the most consequential of times in all of U.S. history, and it is time to respond. Once again, we as a free democratic republic face a dramatic decision point. The decisions we must now make will impact future generations for centuries to come."

"I have been saying 'local action equals national impact' for quite some time now. This is an action phrase meant to cause you to think about how you, as an American citizen, must now actively participate in the fabric of our society. There is an abundance of ways to achieve this, and you can start right at home in your own community. Get involved and take the time to learn about all aspects of the people and processes running your local government."

"Stay focused on the prize that is America. "One nation under God, indivisible, with liberty and justice for all."

Editor's Column

2025 must be a year of action. Here is big news about our national health and medical freedom.

War Against Chemtrails: Trump and RFK Jr.'s Operation Skywatch has full legal and military authority to dismantle the global spraying program. Pilots, scientists, and elite financiers are being hunted down. No immunity. No more cover-ups. Call Gov. DeSantis and demand he stop geo-engineering of weather and chemtrail spraying. 850-717-9337

HHS Sec. RFK Jr. wants the FDA to ban petrochemical food dyes after 50 years of poisoning America's children. He announced in a Cabinet meeting that a "massive testing and research effort" was launched to determine what causes autism. He said the effort involves hundreds of scientists globally to be completed by Sept. "Once the environmental causes of autism are identified, we'll be able to eliminate those exposures," he said. 1 in 31 kids are autistic. Outrageous.

President Trump responded, "If you can come up with that answer where you stop taking something, stop eating something, or maybe it's a shot. But something's causing it."

Reporting on the announcement in the mainstream media framed Kennedy as a longtime vaccine critic who has put forward the "discredited" and "debunked" theory that there is a link between vaccines and autism. (This is a lie from alleged media lapdogs that drug companies.)

This month we celebrate Moms for all they do. The world is a better place with moms.

As Donald Trump launches into his second term, the first 100 days have been nothing short of a political whirlwind. It's important that Congress makes reforms permanent, and we laud key wins for social issues important to Christians. He's done a lot in a short time, but there is still more to do! He can't do it alone, so join AFSWFLC, and let's talk with our neighbors about volunteering.

And Volunteer!
