

DIABLO COMMUNITY SWIM LEAGUE RULES OF COMPETITION

SECTION 1: GENERAL SWIM MEET RULES

The purpose of the rules set forth below is to establish competition in a fair manner for all competitors. No rules or events shall be changed between the regular May meeting and the last meeting of a swim season.

Outside of the May–August timeframe, the Board of Directors may review the General League Rules and Rules of Competition, and consider their revision or amendment. The General League Rules and Rules of Competition may be amended or revised at a duly called meeting of the Board of Directors by a two-thirds vote of all Members on the Board. The proposed motion must be presented in writing at least ten days prior to the meeting. Votes shall be made by Members present at the meeting or by Absentee vote, delivered to the President of the Board in advance.

1. Eligibility of swimmers

- a. Eligible swimmers must be a member of a DCSL Member swim team. Each team must submit a roster count to the Board of Directors each spring in conjunction with insurance policy renewal. Roster additions may be submitted to the DCSL President up to the last dual meet.
- b. Swimmers who have competed for or trained with a USA Swim club after December 31 are ineligible for the next summer season, unless an exception is granted by the Board of Directors. See exception below.
- c. High School swimmers may train with a USA Swim club until February 15, without losing their eligibility. High School swimmers may train with their high school team after this date.
- d. All questions regarding eligibility will be determined by the Board of Directors. A written request for eligibility, containing all facts pertinent to the situation, must be submitted to the DCSL President. A decision will be made by a vote of the Board of Directors.

2. Age of Swimmers

Age group assignment shall be determined as of June 15th of the swim season. No swimmer may swim below his/her age group.

3. Swimming Up an Age Group

- a. During a dual meet, an athlete may swim all of his/her individual events in his/her own age group, while swimming up in an older age group for one or both Medley Relay and Freestyle Relay. Each athlete may only swim in one Medley Relay and one Freestyle Relay.
- b. If the athlete swims up in an individual event, he/she must swim up for the entire meet, including relays.

4. Rules and Disqualification Policies

DCSL uses USA Swimming Rules as a guideline for rules and disqualification policies. The specific deviations listed below have been approved by the Board of Directors:

- a. Modification of the “no false start rule”: False Start / No Recall: A swimmer who falls or slips off the starting block before the start of a race without intention to begin or delay the swim shall not be disqualified. The Starter shall begin the starting sequence once the swimmer has returned to the starting block.

- b. Modification to Article 101, Individual Strokes and Relays, for swimmers competing in the 8 & Under events: In dual meets prior to July 1, swimmers competing in the 8 & Under events shall be allowed 2 stroke infractions in a given race, and shall receive a written warning but not be disqualified. Upon the third stroke infraction in a single race, the swimmer shall be disqualified.

The intent of this modification is to provide lenience to the young swimmers who are still learning the proper form of the stroke, or who are physically unable to perform the stroke.

It is expected that coaches will progress all swimmers participating in the League and that by the July 1, all swimmers will be proficient in performing the required strokes. Therefore, **all 8 & Under swimmers will be subject to the same rules and regulations as other age groups during dual meets held July 1 and later, as well as the League Championship Meet.**

- c. Modification of Article 103.2, Water Depth: The minimum pool depth requirement for racing starts and teaching racing starts is waived. Coaches, parents, guardians and swimmers shall use good judgement and common sense to prevent potential bodily harm that may arise due to shallow pool depths.

5. Referee

The appointed Referee (a distinguished member of the Home team) shall be in complete charge of the swim meet and his/her decision shall be final. A protest of the Referee's decision may be brought to the League Board of Directors, provided that such protest is first brought to the Meet Desk no later than thirty minutes from the end of the meet.

6. Protest of Violation of League Rules

Protests must be submitted by the League representative, or his/her designee, no later than five days after the violation occurred by sending notice to all members of the Board of Directors. The President (or Vice President, if the President's team is involved) is responsible for seeing that a decision is made by the Board, within two weeks of receipt of the protest.

7. Season Opening

DCSL member swim teams may begin workouts no earlier than April 1st.
