To the swim team families of LMYA, Rancho, Springbrook & Sun Valley,

It is with a heavy heart that we, the Lafayette Swim Conference Board, must inform you that our Championship Conference meet, scheduled for July 18th & 19th, is canceled for 2020.

Our foremost priority is to ensure the safety and well-being of our swimmers and Lafayette swim community. Due to the ongoing implications of COVID-19 and the strict State and Local guidelines we must adhere to, it is not feasible to host a Conference Championship this summer. This was a unanimous decision on our part, and one that was not made lightly.

In the interim, we continue to work on improving our league for the future with investment into our website, league publicity and enhancements. We are making these investments, while also lending support to our individual teams with the hope that creative programming and collaborative coaching are able to get all of our swimmers back in the water.

Until then, stay healthy and we look forward to resuming all of our LSC activities in 2021.
