

A Revolution in High-Level Cleaning

Now available in the US for the first time!

TRUSTED WORLDWIDE:

spacevac.us | [@spacevac_usa](https://twitter.com/spacevac_usa)

Keeping America Working Higher, Safer & Faster.

SpaceVac; the world's leading high-level cleaning system is now available in the USA for the first time..

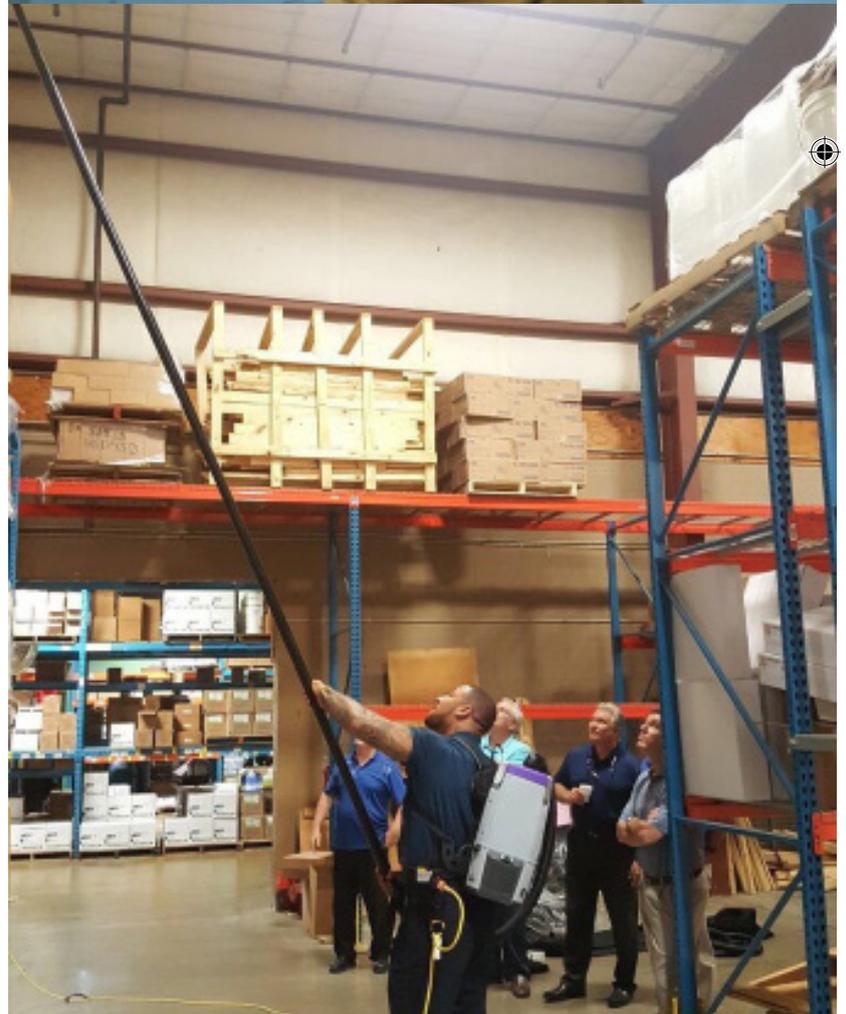

SpaceVac allows a single operator to clean internal and external areas up to 50ft high from the ground floor without the need for ladders, scaffolding or scissor lifts.

Compatible with existing industrial vacuum units, SpaceVac offers operators a number of benefits including;

-  **Simple Assembly & Operation**
System can be assembled and operational in under 2 minutes
-  **Lightweight Carbon Fibre**
Super lightweight but durable carbon fibre ensures comfort even at full 50 ft extension
-  **Versatile Tools and Accessories**
A diverse range of brushes, tools and accessories to offer a total cleaning solution.
-  **S.A.F.E.R.**
All poles and tools feature unique safety locking mechanism (**S**afe and **F**ast, **E**asy **R**elease) for total operator safety
