

Greetings!

Roses are red, violets are blue, you miss us and we miss you!

By now, hopefully, all of you have received a phone call and had an opportunity to chat with one of the club's board members. If you received a phone message, please feel free to call back. We want to hear how you're doing during this time of coronavirus "stay at home" orders.

While things are beginning to loosen up in Maryland, there continue to be physical distancing orders to observe and restrictions on large gatherings. **As a result, the board has recommended that our club's monthly and weekly dances not be scheduled during July and August.**

By and large, we heard during these phone calls that our members were grateful for the call and the thoughtfulness of the board for this effort. Everyone indicated missing our group events, socializing and dancing, but most seem content to do what's needed to be cautious. Most people described being very careful in observing physical distancing and were using masks when going out to shop. No one seemed to think that we would be able to get together and dance anytime soon.

Some members expressed willingness to get together in an open-air venue for a social gathering or picnic when that would be permitted, and we want you to know that the BOD is exploring feasibility of this idea. If you have suggestions along these lines, contact Linda Trader at lin_trader@yahoo.com.

Finally, this email update is being sent in lieu of publishing a July-August newsletter which, typically, would include information and photos of May & June dances and upcoming events.

Keep Safe!
