Mid-Week Evening Classes, (Tuesday, Wednesday & Thursday) or Weekend Day Classes (Saturday & Sunday) Enrolling Now for Responsible Orange County Gun Owners

The CCW License certification course provides individuals with a variety of privileges and benefits - it allows approved people permission to carry a handgun outside their home in public – **LEGALLY!** They are allowed to carry a loaded handgun in a vehicle, and to carry a handgun in most public areas. The license certification process provides enhanced education and understanding of self-defense laws for the firearm owner, CCW license holders find it easier to purchase firearms, and earning the CCW license privilege gives the handgun owner more self-confidence and peace of mind. Should you still apply for a CCW License despite the unconstitutional SB-2 laws? Absolutely. Police are far more likely to grant you leeway if you have an CCW than if you don't.
