The CCW License certification course provides individuals with a variety of privileges and benefits - it allows qualifying people permission to carry a handgun outside their home in public - **LEAGLLY!** They are authorized to carry a loaded handgun in a vehicle, and to carry a handgun in certain public areas. The license certification process provides enhanced education and understanding of self-defense laws for the firearm owner, CCW license holders find it easier to purchase firearms, and earning the CCW license privilege gives the handgun owner more self-confidence and peace of mind.

Conceal Carry Classes

The Initial CCW Course Consists of 2 Sessions:

Session 1: Consists of **Lesson One:** Developing a Personal Protection Plan; **Lesson Two:** Self-Defense Firearms Basics; **Lesson Three:** Defensive Shooting Fundamentals; **Lesson Four:** The Legal Use of Force.

Session 2: Consist of the following: **Lesson Five:** Violent Encounters and Their Aftermath; **Lesson Six:** Gear & Gadgets; **Lesson Seven:** Advanced Skills. **Lesson Eight:** County, State & Federal Laws & Policy. Review for Exam, Take Exam, Handgun Safety Check, Set date for CCW Handgun Qualification, (LiveFire). **CCW Renewals Welcome (Call for Details).**

Note: The **Orange County Indoor Shooting Range, located: 684 N. Berry Street, Brea CA 92821** is open 7-days a week, but at this time only from 10 AM to 6 PM, (due to Covid-19). During the week the range will be closed before the conclusion of our evening class session and on Saturdays, the Shooting Range is overcrowded, very busy, and too stressful to conduct proper CCW handgun qualifications.

That said, the owner of the Orange County Indoor ShootingRange will open for **5150 HEAT, LLC–Firearms Training Academy Students** an hour early (9 AM) during weekdays and on Sundays, providing we have a minimum of 5 or more students.

IMPORTANT NOTICE: All of our firearms training courses are objective based, aka: **GOAL-ORIENTED!** The exact length of the Initial CCW License course will depend on how long it takes to cover all of the objectives required by the State of California. California CCW law demands a minimum of 8-hours and a maximum of 16-hours of certified CCW training. **Our training runs about 12.5 hours.**

Beware Professional Opinion Ahead: I am totally baffled. Why “firearms instructors” would create half a CCW class when there is a massive amount of subject matter to teach. Literally, Lives, Grievous Bodily Harm and Fortunes are at stake in the realm of CCW. With this in mind, I’m even more perplexed why students would cheat themselves by paying for and attending a hollowed-out firearms training course that should include **E•V•E•R•Y•T•H•I•N•G** a person needs to know and understand about **Personal Self-Defense** and the **Use of Deadly Force**, but instead opt for an expensive course of training that’s cut in half.

Concealed Carry License Holdrers need to understand: **Situational Awareness • Color Codes of Awareness • Conflict Avoidance (Fight or Flight) • Stand Your Ground • The Castle Doctrine • State & Federal Self-Defense Laws • Defensive Shooting • Legal Aspects of Reasonable Force & Deadly Force • Use of Force Continuum • Legal Use of Deadly Force • Physiological Reactions Associated with Extreme Stress • When the Right to use Deadly Force Ends • What to do in the Immediate Aftermath • What Happens When the Police Arrive • What Should You Say to the Police • including a segment on What You Should Tell Your Attorney (because I’m certain your Divorce Attorney, Tax Attorney or Legal Zoom is not up to Speed on Defending YOUR Deadly Use of Force case)!**

So, if you intend to enroll in either an 8-hour CCW course online or a live CCW course that advertises an 8-hours flat and you’re out the door course. Remember, that’s half the maximum allotted time in California and it may come back to bite you. Even years later your training will follow you.

I have no doubt that after you drop the hammer on some poor innocent **“Dirt Bag”** the DA or prosecuting attorney will submit your 8-hour CCW **“LACK of TRAINING”** certificate as **“Exhibit A.”**

A ballpark time-frame for a typical CCW training course offeren by **5150 HEAT, LLC Firearms Training Academy** that covers all the important topics listed above and more, runs about 12.5-hours, including range qualification.

Pre-requisite:
