Expert Firearms Instruction by Retired Police Officer & Range Master

LADIES ONLY • HOME DEFENSE FUNDAMENTALS COURSE

Tuition: \$129 (per student) • **Includes:** The Course • 245 Page Text Book, (\$25 Value) • Laser Pistol Training on the premises, (NRA recently approved Laser Pistol Training) **Gift Certificates Available! Evening Classes Available!**

Sorry boys! The class is designed to be very low-stress, presented at a moderate pace, fun-oriented and aimed to instill the confidence of handling & shooting a handgun, while providing fundamental knowledge and safety practices.

Self-Defense Firearm Basics: Universal safety rules • Clearing semi-automatics • Clearing revolvers • Defining a gun's action • Understanding revolvers & semi-automatics • Understanding magazines • Selecting a handgun • Pros & cons of handgun choices • Ammunition components • Does caliber matter? • Other ballistic measurements • Ammunition care & storage • Common ammunition malfunctions • Clearing semi-auto/revolver malfunctions • Other use of force options.

Defensive Shooting Fundamentals: Defensive shooting versus marksmanship • Proper grip • Shooting Stances (Isosceles vs Weaver vs Chapman) • Shooting platform • Aligning the muzzle to the target • Unsighted fire, point shooting • Flash sight picture • Sighted fire • Trigger control • Rubber band exercise.

Gear and Gadgets: Holster retention • Hip holsters • Paddle holsters • Pocket holsters • Inside the waistband holsters • Non-traditional holster styles • Belts • Tactical flashlights • Mounted lights • Considering a laser sight • Guns safes and storage.

Basic & Advanced Skills: Creating a training program • Dry firing • Fundamental drill discussion • Discussion of what's next • going to the range is expensive & inconvenient - Consider Laser Pistol Training

The USCCA Basic Handgun Fundamentals Course: is course is a great replacement class for the NRA F.I.R.S.T. Steps Course, which the NRA discontinued.

Laser Pistol Simulator Training Included: 5150 HEAT offers **FREE** introductory Laser Pistol Training session that's ideal for beginners to learn firearms safety and marksmanship or to provide experienced shooters with a way to fine tune their skills. Laser pistol training equates to **NO LIVE FIRE!** Laser pistol training is perfect for introducing students to handguns and also an excellent tactic for one-on-one shooting instruction before students take a live fire class.

Live Fire Training: Laser Pistol Training is **HIGH-TECH, SAFE & EFFECTIVE!** But, eventually every shooter has to go to the shooting range. **Live Fire Tuition:** \$100 (per student/per hour), (discounted to \$75 each for 2 students): for groups of 3 or more and for additional info, contact us at: Local: **(714) 680-5500** or eMail: KC.5150.HEAT@gmail.com - **Let's Talk! Gift Certificates Available! & Rental Guns Available!**

Chief Firearms Instructor: **Ken "KC" Clements, Brea P.D.** (Retired)
