

Ethical AI Policy at Flamingo Fly Buy

Commitment to Ethical Use of AI: At Flamingo Fly Buy LLC, we enhance our services with Artificial Intelligence (AI) to ensure you receive top-notch deals and a seamless customer experience and content. We are dedicated to using AI responsibly and ethically.

Our Approach:

- **Use of External AI Tools:** We utilize AI tools and technologies provided by trusted third parties to analyze market data and improve our website's functionality. We may also use AI tools to create text, photo or video content. These tools help us to better understand user needs and optimize our services and content accordingly.
- **No Personal AI Data Collection:** We do not collect personal data for the development or training of AI models. Our use of AI focuses solely on improving the content and services we offer to you, without creating or maintaining our own AI systems and/or data pools.
- **Privacy and Data Integrity:** While incorporating AI technology, we maintain the highest standards of data privacy and integrity. Our third-party AI solutions are chosen for their adherence to international data protection regulations, ensuring your information remains secure and private.
- **Transparency and Non-Discrimination:** We are committed to transparency in our use of AI. We review and ensure that the AI technologies employed do not discriminate against any user or group. Our goal is to provide fair and equal service to everyone.
- **Accountability:** Flamingo Fly Buy LLC holds our AI technology providers to high ethical standards. We monitor the performance of these tools to ensure they align with our company's values and ethical commitments. All content is reviewed and edited, and AI is not used in customer communications with Flamingo Fly Buy.

Feedback and Inquiries: We appreciate the diversity of our user base and encourage feedback on our use of AI technologies. Your feedback is vital in helping us maintain ethical AI practices.

Contact Us: For any inquiries or feedback about our AI policy, please reach out to us at OATeam@flamingoflybuy.com or call/text 1-954-283-7517.
