“This project was a great success. There is a sign type for every room and wayfinding location, and it was easy to customize and incorporate the signage into the entire design concept of the facility.”

Tri-State Memorial Hospital

## Signage Challenge

Tri-State Memorial Hospital was in need of a variable and consistent wayfinding and room identification system throughout the facility. The sign solution needed to offer a variety of functions, while remaining easy-to-read to assist doctors, patients and visitors in navigating the facility to different wings and specialty clinics.
