

Best Canine Training and Boarding Services

This facility's contingency and emergency response plan for a dog that gets sick during either training or boarding here at the facility.

An attempt will be made to call the owner of the animal, giving them first the right of their Veterinarian of choice, to have any Veterinary care that may be needed.

All costs will be the dogs owners responsibility unless deemed to be caused by the facility.

Next the facility will call three Veterinarians depending on the time of the need, IE, Weekend, night, or specialized services, starting with...

1. Hodes Veterinary Health center, 316-260-5019
2. Cottonwood Animal Clinic, 620-442-8619
3. Veterinary Emergency & Specialty Hospital of Wichita, 316-262-5321

Please provide us with your Veterinarians Number if you need us to call in case of an emergency
