A BILL TO BE ENTITLED

1 AN ACT

2 relating to mobile source emissions reductions and transportation  
3 electrification; authorizing a fee.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

5 SECTION 1. Subtitle F, Title 4, Government Code, is amended  
6 by adding Chapter 490I to read as follows:

7 CHAPTER 490I. TEXAS TRANSPORTATION ELECTRIFICATION COUNCIL

8 Sec. 490I.001. DEFINITION. In this chapter, "council"  
9 means the Texas Transportation Electrification Council established  
10 by this chapter.

11 Sec. 490I.002. ESTABLISHMENT; COMPOSITION. (a) The Texas  
12 Transportation Electrification Council is established.

13 (b) The council is composed of the chair of, or if not  
14 applicable, the administrative head of or a senior-level designee  
15 from, each of the following entities:

16 (1) the Public Utility Commission of Texas;

17 (2) the Electric Reliability Council of Texas;

18 (3) the Texas Commission on Environmental Quality;

19 (4) the State Energy Conservation Office;

20 (5) the Texas Department of Licensing and Regulation;

21 (6) the Texas Department of Transportation;

22 (7) the Texas Department of Motor Vehicles;

23 (8) the Texas Department of Housing and Community

24 Affairs;

1           (9) the Texas State Affordable Housing Corporation;  
2           (10) the Texas Division of Emergency Management; and  
3           (11) the Texas Economic Development and Tourism  
4 Office.

5           Sec. 490I.003. PRESIDING OFFICER; MEETINGS. (a) The  
6 council annually shall elect one member to serve as the presiding  
7 officer of the council.

8           (a-1) The executive director of the Texas Department of  
9 Transportation shall serve as the initial presiding officer of the  
10 council. This subsection expires September 1, 2023.

11           (b) The council shall hold at least four public meetings  
12 each year.

13           Sec. 490I.004. ADMINISTRATIVE ATTACHMENT; FUNDING. (a)  
14 The council is administratively attached to the Texas Department of  
15 Transportation.

16           (b) The council shall be funded using existing funds of the  
17 Texas Department of Transportation.

18           Sec. 490I.0045. ELECTRIC VEHICLE CHARGING INFRASTRUCTURE  
19 ASSESSMENT. (a) Not later than March 1, 2022, the council shall  
20 prepare an assessment of existing and planned public electric  
21 vehicle charging infrastructure and associated technologies in  
22 this state using existing databases. The assessment must include  
23 the number and types of electric vehicle chargers at each location.

24           (b) The council shall use the assessment in developing the  
25 plan required by Section 490I.005.

26           (c) This section expires September 1, 2023.

27           Sec. 490I.005. ELECTRIC VEHICLE CHARGING INFRASTRUCTURE

1 PLAN. (a) The council shall:

2 (1) develop a comprehensive plan for the development  
3 of public electric vehicle charging infrastructure and associated  
4 technologies in this state through the year 2040; and

5 (2) update the plan biennially.

6 (b) The plan must:

7 (1) include a phased implementation of the plan, in  
8 biennial increments, through the year 2030;

9 (2) identify areas in this state for which additional  
10 public electric vehicle charging infrastructure is needed to ensure  
11 that the vehicle choice of residents of this state is not  
12 constrained by a lack of access to adequate public electric vehicle  
13 charging infrastructure;

14 (3) provide for sufficient public electric vehicle  
15 charging infrastructure to meet and enable future demand for  
16 electric vehicles in this state that:

17 (A) ensures that adequate public electric  
18 vehicle charging infrastructure is available:

19 (i) with sufficient frequency and capacity  
20 to enable users of electric vehicles of various classes to travel  
21 border to border and community to community on interstate highways  
22 and other major roadways in this state;

23 (ii) along evacuation routes and at highway  
24 rest stops in this state; and

25 (iii) in rural communities, multifamily and  
26 underserved communities, town centers, commercial and retail  
27 areas, parks and other publicly owned lands, and other areas that

1 are in close proximity to where local electric vehicle users live or  
2 work;

3 (B) is safe, dependable, serviceable, and  
4 operational;

5 (C) maximizes the benefits associated with  
6 transportation electrification;

7 (D) enhances commerce by ensuring an adequate  
8 distribution of public electric vehicle charging infrastructure is  
9 available throughout the state to stimulate lower cost and lower  
10 emissions from heavy duty trucking and delivery services;

11 (E) ensures adequate public electric vehicle  
12 charging capacity to facilitate commerce:

13 (i) at or near the borders of this state;

14 (ii) in or near airports, rail yards, and  
15 seaports; and

16 (iii) at warehouse complexes and truck  
17 stops;

18 (F) enhances accessibility of tourist areas to  
19 electric vehicle users; and

20 (G) covers any other areas identified by the  
21 council;

22 (4) stimulate competition, innovation, consumer  
23 choices in public electric vehicle charging and related  
24 infrastructure and services, and encourage private capital  
25 investment;

26 (5) specify the number and types of electric vehicle  
27 chargers per general location that are needed to meet the

1 requirements prescribed by Subdivisions (2), (3), and (4);

2 (6) examine vehicle and charging infrastructure  
3 changes necessary to incorporate common communication protocols  
4 and two-way electricity flow capability in order to allow vehicle  
5 to grid integration for grid reliability and resiliency; and

6 (7) provide for electric transportation corridors in  
7 and along Texas Department of Transportation rights-of-way that  
8 include the infrastructure needed for vehicle electrification,  
9 such as:

10 (A) a greatly expanded global positioning system  
11 network for vehicle location accuracy;

12 (B) advanced sensor networks for traffic;

13 (C) intelligent transportation services;

14 (D) connected vehicle applications; and

15 (E) improvements to energy infrastructure needed  
16 to provide adequate vehicle charging.

17 (c) In developing and updating the plan, the council:

18 (1) shall use, to the extent practicable, publicly  
19 available electric vehicle projections and models based on industry  
20 standards to determine, for each year, the percentage and number of  
21 electric vehicles by vehicle class that are expected on roadways in  
22 this state and the number of electric vehicle chargers that are  
23 needed to ensure that there is comprehensive and adequate access to  
24 public electric vehicle charging infrastructure in this state; and

25 (2) may rely on scenarios provided by the Electric  
26 Reliability Council of Texas or other information from appropriate  
27 sources for the percentage and number of electric vehicles by

1 vehicle class on roadways in this state by year.

2 Sec. 490I.006. STATE AGENCY POLICY RECOMMENDATIONS. The  
3 council shall develop policy recommendations that state agencies  
4 may adopt to encourage the development of an adequate network of  
5 public electric vehicle charging infrastructure and associated  
6 technologies to meet the future electrified transportation needs in  
7 this state through the year 2030.

8 Sec. 490I.007. STAKEHOLDER INPUT. In performing the  
9 council's duties under this chapter, the council shall seek advice  
10 and input from:

- 11 (1) privately owned electric utilities;
- 12 (2) municipally owned electric utilities;
- 13 (3) electric cooperatives;
- 14 (4) state and local transportation and transit  
15 agencies;
- 16 (5) port authorities;
- 17 (6) warehousing and logistics centers;
- 18 (7) electric vehicle charging infrastructure  
19 companies;
- 20 (8) environmental groups;
- 21 (9) consumer advocates;
- 22 (10) motor vehicle manufacturers;
- 23 (11) nonprofit organizations developing electric  
24 vehicle policy;
- 25 (12) nonprofit organizations representing food or  
26 motor fuel providers;
- 27 (13) apartment associations;

1           (14) low-income community development corporations;

2           (15) nonprofit organizations that represent  
3 utilities, electric vehicle manufacturers, and charging companies;  
4 and

5           (16) interested members of the public.

6           Sec. 490I.008. AUTHORITY TO CONTRACT AND CONSULT WITH  
7 CERTAIN PERSONS. In performing the council's duties under this  
8 chapter, the council may:

9           (1) contract with experts, academic scholars, and  
10 other appropriate professionals; and

11           (2) consult with the Texas A&M Transportation  
12 Institute and institutions of higher education.

13           Sec. 490I.0085. INITIAL REPORT. (a) Not later than  
14 December 1, 2022, the council shall prepare and submit to the  
15 governor, the lieutenant governor, each member of the legislature,  
16 and relevant state and federal agencies a written report of the  
17 council's findings that includes:

18           (1) the assessment prepared under Section 490I.0045;

19           (2) the plan developed under Section 490I.005,  
20 including the phased implementation of the plan required by  
21 Subsection (b)(1) of that section; and

22           (3) the policy recommendations developed under  
23 Section 490I.006.

24           (b) This section expires September 1, 2025.

25           Sec. 490I.009. BIENNIAL REPORT. Not later than December 1  
26 of each even-numbered year, the council shall prepare and submit to  
27 the governor, the lieutenant governor, each member of the

1 legislature, and relevant state and federal agencies a written  
2 report that includes:

3 (1) a summary of the progress made on the  
4 implementation of the plan developed under Section 490I.005;

5 (2) the biennial update to the plan required under  
6 Section 490I.005(a)(2); and

7 (3) any updates to the policy recommendations  
8 developed under Section 490I.006.

9 SECTION 2. Section 386.001, Health and Safety Code, is  
10 amended by adding Subdivision (4) to read as follows:

11 (4) "Federal funds" means all assistance provided to  
12 the commission from the federal government in the form of grants,  
13 contracts, loans, loan guarantees, property, cooperative  
14 agreements, interest subsidies, insurance, direct appropriations,  
15 or any other method of disbursement.

16 SECTION 3. Section 386.154, Health and Safety Code, is  
17 amended by amending Subsection (d) and adding Subsections (f), (g),  
18 and (h) to read as follows:

19 (d) A new light-duty motor vehicle powered by an electric  
20 drive is eligible for a \$2,500 incentive if the vehicle:

21 (1) has four wheels;

22 (2) was manufactured for use primarily on public  
23 streets, roads, and highways;

24 (3) has not been modified from the original  
25 manufacturer's specifications;

26 (4) has a maximum speed capability of at least 55 miles  
27 per hour;

1           (5) is propelled to a significant extent by an  
2 electric motor that draws electricity from a hydrogen fuel cell or  
3 from a battery that:

4           (A) has a capacity of not less than four kilowatt  
5 hours; and

6           (B) is capable of being recharged from an  
7 external source of electricity; ~~and~~

8           (6) is not designed, used, or maintained primarily to  
9 transport property; and

10           (7) was acquired on or after September 1, 2013, or a  
11 later date as established by the commission, by the person applying  
12 for the incentive under this subsection and for use or lease by that  
13 person and not for resale.

14           (f) A new light-duty motor vehicle powered by an electric  
15 drive is eligible for a \$4,000 incentive if the vehicle:

16           (1) satisfies the requirements of Subsections  
17 (d)(1)-(5);

18           (2) is designed, used, or maintained primarily to  
19 transport property; and

20           (3) was acquired on or after September 1, 2021, or a  
21 later date as established by the commission, by the person applying  
22 for the incentive under this subsection and for use by that person  
23 and not for resale.

24           (g) The incentive under Subsection (f) is limited to 2,000  
25 vehicles for each state fiscal biennium.

26           (h) Notwithstanding Subsections (c), (e), and (g) and  
27 subject to Section 386.252(a)(11), at the beginning of the second

1 state fiscal year of the biennium, the commission shall adjust the  
2 initial vehicle limitations provided under Subsections (c), (e),  
3 and (g) based on demand for incentives under this section during the  
4 preceding state fiscal year.

5 SECTION 4. Sections 386.250(b) and (c), Health and Safety  
6 Code, as effective September 1, 2021, are amended to read as  
7 follows:

8 (b) The fund consists of:

9 (1) the amount of money deposited to the credit of the  
10 fund under:

11 (A) Section 386.056;

12 (B) Sections 151.0515 and 152.0215, Tax Code; and

13 (C) Sections 501.138, 502.358, and 548.5055,  
14 Transportation Code; ~~and~~

15 (2) grant money recaptured under Section 386.111(d)  
16 and Chapter 391; and

17 (3) federal funds deposited to the credit of the fund.

18 (c) Not later than the 30th day after the last day of each  
19 state fiscal biennium, the commission shall transfer the  
20 unencumbered balance of the fund remaining on the last day of the  
21 state fiscal biennium to the credit of the Texas emissions  
22 reduction plan account. This subsection does not apply to federal  
23 funds deposited to the credit of the fund.

24 SECTION 5. Section 386.252, Health and Safety Code, as  
25 effective September 1, 2021, is amended by amending Subsection (a)  
26 and adding Subsection (i) to read as follows:

27 (a) Money in the fund and account may be used only to

1 implement and administer programs established under the plan.  
2 Subject to the reallocation of funds by the commission under  
3 Subsection (h), money from the fund and account to be used for the  
4 programs under Section 386.051(b) shall initially be allocated as  
5 follows:

6 (1) four percent may be used for the clean school bus  
7 program under Chapter 390;

8 (2) three percent may be used for the new technology  
9 implementation grant program under Chapter 391, from which at least  
10 \$1 million will be set aside for electricity storage projects  
11 related to renewable energy;

12 (3) five percent may be used for the clean fleet  
13 program under Chapter 392;

14 (4) not more than \$3 million may be used by the  
15 commission to fund a regional air monitoring program in commission  
16 Regions 3 and 4 to be implemented under the commission's oversight,  
17 including direction regarding the type, number, location, and  
18 operation of, and data validation practices for, monitors funded by  
19 the program through a regional nonprofit entity located in North  
20 Texas having representation from counties, municipalities, higher  
21 education institutions, and private sector interests across the  
22 area;

23 (5) 10 percent may be used for the Texas natural gas  
24 vehicle grant program under Chapter 394;

25 (6) eight percent [~~not more than \$6 million~~] may be  
26 used for the Texas alternative fueling facilities program under  
27 Chapter 393, of which a specified amount may be used for fueling

1 stations to provide natural gas fuel[, ~~except that money may not be~~  
2 ~~allocated for the Texas alternative fueling facilities program for~~  
3 ~~the state fiscal year ending August 31, 2019~~];

4 (7) not more than \$750,000 may be used each year to  
5 support research related to air quality as provided by Chapter 387;

6 (8) not more than \$200,000 may be used for a health  
7 effects study;

8 (9) at least \$6 million but not more than \$16 million  
9 may be used by the commission for administrative costs, including  
10 all direct and indirect costs for administering the plan, costs for  
11 conducting outreach and education activities, and costs  
12 attributable to the review or approval of applications for  
13 marketable emissions reduction credits;

14 (10) six percent may be used by the commission for the  
15 seaport and rail yard areas emissions reduction program established  
16 under Subchapter D-1;

17 (11) five percent may be used for the light-duty motor  
18 vehicle purchase or lease incentive program established under  
19 Subchapter D;

20 (12) not more than \$216,000 may be used by the  
21 commission to contract with the Energy Systems Laboratory at the  
22 Texas A&M Engineering Experiment Station annually for the  
23 development and annual computation of creditable statewide  
24 emissions reductions obtained through wind and other renewable  
25 energy resources for the state implementation plan;

26 (13) not more than \$500,000 may be used for studies of  
27 or pilot programs for incentives for port authorities located in

1 nonattainment areas or affected counties to encourage cargo  
2 movement that reduces emissions of nitrogen oxides and particulate  
3 matter; and

4 (14) the balance is to be used by the commission for  
5 the diesel emissions reduction incentive program under Subchapter C  
6 as determined by the commission.

7 (i) Notwithstanding any other law, federal funds deposited  
8 to the credit of the fund may be used only as provided by the terms  
9 of the applicable federal funds agreement.

10 SECTION 6. Subtitle A, Title 14, Occupations Code, is  
11 amended by adding Chapter 2311 to read as follows:

12 CHAPTER 2311. ELECTRIC VEHICLE METERING

13 Sec. 2311.001. DEFINITIONS. In this chapter:

14 (1) "Commission" means the Texas Commission of  
15 Licensing and Regulation.

16 (2) "Metering device" means a commercial device used  
17 to measure electric energy transferred by electric vehicle charging  
18 stations and compute the charge for the energy.

19 Sec. 2311.002. RULES. (a) The commission by rule shall  
20 establish:

21 (1) specifications, tolerances, and other technical  
22 requirements for metering devices used in electric vehicle charging  
23 stations used in commercial transactions; and

24 (2) standards for electric vehicle charging services  
25 that ensure the accuracy of measurements, enhance consumer  
26 protections, and promote fair competition.

27 (b) In adopting rules under Subsection (a), the commission

1 shall consider recommendations from relevant state and federal  
2 agencies and stakeholders.

3 SECTION 7. Subchapter G, Chapter 502, Transportation Code,  
4 is amended by adding Section 502.360 to read as follows:

5 Sec. 502.360. ELECTRIC VEHICLE SURCHARGE. (a) In this  
6 section, "electric vehicle" means a motor vehicle that uses  
7 electricity as its only source of motor power.

8 (b) In addition to the applicable registration fee charged  
9 under Subchapter F, at the time of application for registration or  
10 renewal of registration of an electric vehicle, the applicant shall  
11 pay a surcharge in an amount of \$100.

12 (c) Surcharges collected under this section shall be  
13 deposited to the credit of the state highway fund.

14 (c-1) Notwithstanding Subsection (c), \$40 of each surcharge  
15 collected under this section shall be deposited to the credit of the  
16 general revenue fund and may be used only for the operations of the  
17 Texas Transportation Electrification Council under Chapter 490I,  
18 Government Code. This subsection expires September 1, 2025.

19 (d) The board shall adopt rules necessary to administer  
20 registration for an electric vehicle under this section.

21 SECTION 8. Section 31.002, Utilities Code, is amended by  
22 adding Subdivision (3-a) and amending Subdivisions (6) and (17) to  
23 read as follows:

24 (3-a) "Alternatively fueled vehicle" has the meaning  
25 assigned by Section 502.004, Transportation Code.

26 (6) "Electric utility" means a person or river  
27 authority that owns or operates for compensation in this state

1 equipment or facilities to produce, generate, transmit,  
2 distribute, sell, or furnish electricity in this state. The term  
3 includes a lessee, trustee, or receiver of an electric utility and a  
4 recreational vehicle park owner who does not comply with Subchapter  
5 C, Chapter 184, with regard to the metered sale of electricity at  
6 the recreational vehicle park. The term does not include:

7 (A) a municipal corporation;

8 (B) a qualifying facility;

9 (C) a power generation company;

10 (D) an exempt wholesale generator;

11 (E) a power marketer;

12 (F) a corporation described by Section 32.053 to  
13 the extent the corporation sells electricity exclusively at  
14 wholesale and not to the ultimate consumer;

15 (G) an electric cooperative;

16 (H) a retail electric provider;

17 (I) this state or an agency of this state; or

18 (J) a person not otherwise an electric utility

19 who:

20 (i) furnishes an electric service or  
21 commodity only to itself, its employees, or its tenants as an  
22 incident of employment or tenancy, if that service or commodity is  
23 not resold to or used by others;

24 (ii) owns or operates in this state  
25 equipment or facilities to produce, generate, transmit,  
26 distribute, sell, or furnish electric energy to an electric  
27 utility, if the equipment or facilities are used primarily to

1 produce and generate electric energy for consumption by that  
2 person; ~~or~~

3 (iii) owns or operates in this state a  
4 recreational vehicle park that provides metered electric service in  
5 accordance with Subchapter C, Chapter 184; or

6 (iv) owns or operates equipment used solely  
7 to provide electricity charging service for consumption by  
8 alternatively fueled vehicles.

9 (17) "Retail electric provider" means a person that  
10 sells electric energy to retail customers in this state. A retail  
11 electric provider may not own or operate generation assets. The  
12 term does not include a person not otherwise a retail electric  
13 provider who owns or operates equipment used solely to provide  
14 electricity charging service for consumption by alternatively  
15 fueled vehicles.

16 SECTION 9. Subchapter A, Chapter 31, Utilities Code, is  
17 amended by adding Section 31.0021 to read as follows:

18 Sec. 31.0021. CHARGING SERVICE. The commission by rule may  
19 exempt from the definition of "electric utility" or "retail  
20 electric provider" under Section 31.002 a provider who owns or  
21 operates equipment used solely to provide electricity charging  
22 service for a mode of transportation.

23 SECTION 10. Section 37.001(3), Utilities Code, is amended  
24 to read as follows:

25 (3) "Retail electric utility" means a person,  
26 political subdivision, electric cooperative, or agency that  
27 operates, maintains, or controls in this state a facility to

1 provide retail electric utility service. The term does not include  
2 a corporation described by Section 32.053 to the extent that the  
3 corporation sells electricity exclusively at wholesale and not to  
4 the ultimate consumer. A qualifying cogenerator that sells  
5 electric energy at retail to the sole purchaser of the  
6 cogenerator's thermal output under Sections 35.061 and 36.007 is  
7 not for that reason considered to be a retail electric utility. The  
8 owner or operator of a qualifying cogeneration facility who was  
9 issued the necessary environmental permits from the Texas Natural  
10 Resource Conservation Commission after January 1, 1998, and who  
11 commenced construction of such qualifying facility before July 1,  
12 1998, may provide electricity to the purchasers of the thermal  
13 output of that qualifying facility and shall not for that reason be  
14 considered an electric utility or a retail electric utility,  
15 provided that the purchasers of the thermal output are owners of  
16 manufacturing or process operation facilities that are located on a  
17 site entirely owned before September, 1987, by one owner who  
18 retained ownership after September, 1987, of some portion of the  
19 facilities and that those facilities now share some integrated  
20 operations, such as the provision of services and raw materials. A  
21 person who owns or operates equipment used solely to provide  
22 electricity charging service for consumption by alternatively  
23 fueled vehicles is not for that reason considered to be a retail  
24 electric utility.

25 SECTION 11. Subchapter A, Chapter 37, Utilities Code, is  
26 amended by adding Section 37.002 to read as follows:

27 Sec. 37.002. CHARGING SERVICE. The commission may by rule

1 exempt from the definition of "retail electric utility" under  
2 Section 37.001 a provider who owns or operates equipment used  
3 solely to provide electricity charging service for a mode of  
4 transportation.

5 SECTION 12. (a) In this section:

6 (1) "Commission" means the Texas Commission on  
7 Environmental Quality.

8 (2) "Vehicle" has the meaning assigned by Section  
9 541.201, Transportation Code.

10 (3) "Vehicle recycler" means a person engaged in the  
11 business of acquiring, dismantling, or preparing for recycling six  
12 or more end-of-life vehicles in a calendar year for the primary  
13 purpose of reselling the vehicles' parts. The term includes a  
14 salvage vehicle dealer licensed under Chapter 2302, Occupations  
15 Code.

16 (b) Using existing funds, the commission shall conduct a  
17 study on policies pertaining to the recovery and recycling of  
18 lithium-ion and other propulsion batteries sold with electric  
19 vehicles in this state. The study must examine:

20 (1) methods to ensure that as close to 100 percent as  
21 possible of electric vehicle batteries in this state are reused or  
22 recycled at end-of-life in a safe and cost-effective manner;

23 (2) policy recommendations that reflect entire life  
24 cycle considerations for electric vehicle batteries, including  
25 opportunities and barriers to the reuse of electric vehicle  
26 batteries as energy storage systems after a battery is removed from  
27 a vehicle;

1           (3) best management considerations for electric  
2 vehicle batteries at end-of-life and the overall effect of  
3 different management practices on the environment;

4           (4) in-state and out-of-state options for the  
5 recycling of electric vehicle batteries; and

6           (5) future electric vehicle battery technologies.

7           (c) Not later than January 1, 2022, the commission shall  
8 establish and convene an advisory group to provide guidance and  
9 direction to the commission for purposes of conducting the study  
10 required by this section and making legislative recommendations  
11 based on the study. The advisory group shall meet at least  
12 quarterly.

13           (d) The commission shall appoint to the advisory group at  
14 least one member from each of the following:

15           (1) a representative from the Texas Economic  
16 Development and Tourism Office;

17           (2) a representative from the Public Utility  
18 Commission of Texas;

19           (3) a manufacturer of electric vehicles;

20           (4) an organization that represents one or more  
21 vehicle manufacturers;

22           (5) a nonprofit organization that represents  
23 utilities, electric vehicle manufacturers, and charging companies;

24           (6) an electronic waste recycler or an organization  
25 that represents one or more electronic waste recyclers;

26           (7) a vehicle repair dealer or an organization that  
27 represents one or more vehicle repair dealers;

1           (8) a vehicle recycler or an organization that  
2 represents one or more vehicle recyclers;

3           (9) a nationwide environmental organization that  
4 researches waste reduction and recycling strategies;

5           (10) a representative of the large-scale lithium-ion  
6 and other energy storage technology industries;

7           (11) an electric vehicle battery manufacturer; and

8           (12) a standards-developing organization that has a  
9 focus on automotive engineering.

10          (e) In advising the commission under this section, the  
11 advisory group shall consult with:

12           (1) universities and research institutions that have  
13 conducted research in the area of battery recycling;

14           (2) manufacturers of electric and hybrid vehicles; and

15           (3) the recycling industry.

16          (f) Not later than December 1, 2022, the commission shall  
17 prepare and submit to the governor, the lieutenant governor, and  
18 each member of the legislature a written report that includes a  
19 summary of the results of the study conducted under this section and  
20 any legislative recommendations based on the study.

21          (g) The advisory group is abolished and this section expires  
22 January 1, 2023.

23          SECTION 13. The Texas Transportation Electrification  
24 Council shall submit its first report under Section 490I.009,  
25 Government Code, as added by this Act, not later than December 1,  
26 2024.

27          SECTION 14. The changes in law made by this Act to Chapter

1 386, Health and Safety Code, apply only to a Texas emissions  
2 reduction plan grant awarded on or after the effective date of this  
3 Act. A grant awarded before the effective date of this Act is  
4 governed by the law in effect on the date the award was made, and the  
5 former law is continued in effect for that purpose.

6 SECTION 15. Not later than December 1, 2024, the Texas  
7 Commission of Licensing and Regulation shall adopt the rules  
8 required by Section 2311.002, Occupations Code, as added by this  
9 Act.

10 SECTION 16. This Act takes effect September 1, 2021.
