

Elementary A la carte Classes and options Fall 2018

9am-12noon Tuesday and Thursday: Students may enroll in the **language arts and math BLOCK** that occurs during this 3 hour period. This is a part of the hybrid program and VERY limited spaces are available. Homework and assessments will be given, and these classes are separated by grade level as follows: k,1,2,3,4-5 combo class. Please note that if you are enrolling in these blocks and electives, it is probably cheaper to do hybrid. The supply fee is \$200 for the year and the tuition is separate from electives stated below. The tuition for this block comes out to \$250/month on a yearlong contract.

1230-130 Tuesday and Thursday: Students may enroll in the **social studies and science BLOCK** that occurs during this hour. This is a part of the hybrid program and very limited spaces are available. Some teachers do one day of each subject each week, and others do one unit in each subject and then switch to the other subject. Homework and assessments will be given and science is lab based. The students will be placed in grade level classes as follow: k,1,2,3,4-5 combo. Tuition for this block comes out to \$125/month on a yearlong contract. The supply fees are \$150 for the year and include everything needed for science labs and hands on activities.

Lunch is from 12-1230 each day for elementary students.

130pm Tuesday

K-2 Art (Kristine) Children will be drawing, coloring, cutting, pasting, crafting and creating a variety of lovelies for your refrigerator. We will draw our inspiration from nature, holidays, cultures, other artists and our experiences, while we learn to interpret, critique and communicate about art. We'll be learning about primary and secondary colors while we color, blend and shade with crayons, colored pencils, markers, pastels and paints. Various mediums and techniques will keep this class fun, allowing for self-expression and experimentation. We may get messy, so please make sure your child avoids his or her Sunday best on Art days. Supply fee is \$25/semester.

Painting 3-5 (Leah) We will paint using many different media to explore our artistic sides. We will always have a structured set of lesson plans to follow, however students are always welcomed to paint their own way. Supply fee is \$25/semester.

3-5 STEM Activities (Tiffany) Students will participate in a variety of science, technology, engineering, and math activities. Come learn with circuits, messy science labs, Legos, and more! Supply fee is \$25/semester.

All ages PE Games and Board Games (Kelly) This class will be held both indoor and outdoor, weather permitting. We will play a variety of games outside and inside. We will also practice sportsmanship inside with board games. There is no supply fee for this class.

230pm Tuesday

K-2 STEM Activities (Tiffany) Students will participate in a variety of science, technology, engineering, and math activities. Come learn with circuits, messy science labs, Legos, and more! Supply fee is \$25/semester.

Playground Games/Activities (Kristine) A throwback to the classic games we played as children, the playground games class will introduce your child to schoolyard rhymes, jump rope songs and clapping games, as well as team-building exercises and other schoolyard and circle games we remember playing as children. This is essentially a gym class where games are played instead of sports. The goal is to have fun while emphasizing good sportsmanship and teamwork. There is no supply fee for this class.

Homework Help (Kelly) Students can get their work done at CHR rather than take it home to do. We are here to guide and assist students. There is no supply fee for this class.

Thursday at 130

Science Lab k-2 (Tiffany) If your child loves science, this is the class for them! Students will make volcanoes, slime, and all of the other messy labs that parents do not want to do at home but kids go crazy over! Supply fee is \$25/semester.

Crafting w/Teens (Tammy) Students will work with teens as they craft cool projects found on Pinterest. Tammy will oversee the group. Students will work on seasonal crafts, gifts, and just random fun things to make! If the activity of the day does not interest your child, they may join the games and activities class 😊 Supply fee is \$25/semester.

Sketching/Drawing 3-5 (Leah) We will practice sketching/drawing a variety of modeled items. Sometimes we will try very hard to make the art look very reflective of the modeled item, other times we will go abstract. We will always have a structured set of lesson plans to follow, however students are always welcomed to draw or sketch their own way. Supply fee is \$5/semester.

All Ages PE Games/ Board Games (Kelly) This class will be held both indoor and outdoor, weather permitting. We will play a variety of games outside and inside. We will also practice sportsmanship inside with board games. There is no supply fee for this class.

Homework Help (Kristine) Students can get their work done at CHR rather than take it home to do. We are here to guide and assist students. There is no supply fee for this class.

Thursday at 230

Science Lab 3-5 (Tiffany) If your child loves science, this is the class for them! Students will make volcanoes, slime, and all of the other messy labs that parents do not want to do at home but kids go crazy over! Supply fee is \$25/semester.

Spanish for Elementary (Kristine) We will welcome new students and those who have taken Spanish before in this hands on and fun Spanish class for elementary students. We will learn basic words and phrases as well as more about culture. Supply fee is \$25/semester.

Homework Help (Kelly) Students can get their work done at CHR rather than take it home to do. We are here to guide and assist students. There is no supply fee for this class.

NON- Hybrid students may enroll in Tue/Thu classes for \$50 each, \$75 for 2 on the same day or \$150 for both days from 130-330pm per student. Registration is \$75/student/year.
