

Lonestar Labradors C&E

Puppy Application

We have found that matching puppies to their families is a much more pleasurable outcome for the families and the puppies. We are trying to do our part by watching the puppies' behaviors, personalities and temperaments to ensure a good fit into your family dynamics. Your complete honesty on this application can make a difference. Puppies come with all types of needs, energies, drives, behaviors and personalities and can be matched to all family styles. We breed exceptional quality dogs to which we reserve the right to hold back a promising puppy to further our program. Show homes are always given priority. After we make our evaluations the choice of puppy is according to sex and/or color preference.

What makes you a good/ potentially good dog owner and what are you willing to do to meet a dogs biological needs?

19. All of our pet puppies are sold on a AKC Limited Registration and spay/neuter contracts. This means that the dog is eligible to be registered with the American Kennel Club. However, none of the offspring are eligible for registration. In other words, this dog is NOT to be bred. A dog with Limited Registration, as well as a spayed/neutered dog can compete in all AKC events except in the conformation ring. Full registration is available to approved breeders/show homes only.

20. I/We understand that this is not a contract for a puppy, but a puppy application to acquire one from Lonestar Labradors C&E, and that being on the waiting list requires a non-refundable \$500 deposit. If I/we continue with a puppy contract the \$500 will go towards

the payment of the puppy.
