

Let's enrich nature

We believe in a world where we collaborate with nature. Become one with the earth and let new life flourish with the Loop EarthRise™.

Calm

Wild

Powered by nature

It is our mission to enrich the earth and let new life flourish, making our planet livable for current and future generations. The Loop EarthRise™ is grown from mushrooms, nature's biggest recyclers. Enrich the earth and become a source for new life to thrive. Available in a 'Calm' or 'Wild' variant with natural autumn coloring.
