

The Sumo Nutrient Co. is a B2B supplier of boutique, research-validated raw materials and functional ingredients. We connect food, beverage, healthcare and beauty products manufacturers to an extraordinary array of natural ingredients with active compounds isolated from plant and animal-based concentrates rich in nutrition.

Our raw materials include naturally-derived probiotics, bioactive peptides, botanicals, adaptogens, specialty vitamins and micronutrients, fermented biogenic syrups and pastes and more. They are used in functional foods, nutraceutical beverages and biofunctional supplements.
