

How do I register for Miramar:Agent?

- All users, including administrators, will use the same website address (URL) to access the site: <http://www.miramar-agent.com> (<http://www.miramar-agent.com>)
 - Do not register with agency information! Once registered as an individual you will have the opportunity to indicate you are the principal of an agency and, if permitted by a carrier/plan, complete programs on behalf of that agency.
 - First-time users should self-register by clicking on "Register as an Agent".
Usernames and Passwords are self-assigned during registration.
 - Logins are NOT carrier/plan or program specific. Returning users will use their existing Username and Password to access any additional programs they need to complete.
 - The first step of registration is entry of Social Security Number (SSN).
 - SSN is the unique identifier for users in the system. This step will check all existing users to verify the SSN entered does not already exist in a profile.
 - Failure to use a valid SSN could result in the inability to successfully complete a program, as SSN is used for certain actions, such as background checks.
 - Agents who were given a Registration Code by their carrier or upline will enter the code immediately following the SSN validation.
 - All required fields are indicated on the registration form with an asterisk (*).
 - Username and password is self-assigned by each user on the form. Passwords must contain the following:
 - Minimum of 8 characters, 1 uppercase letter, 1 lowercase letter, 1 number, and 1 special character.
 - Once all fields have been completed, clicking "Complete Registration" will prompt the user to login with their credentials.
-
