To Whom It May Concern,

It is with great respect and appreciation that I write this letter for the Fentanyl Fathers in recognition of the powerful and impactful presentation they delivered to our student body at Fordson High School.

The Fentanyl Fathers brought a message that was both deeply personal and relevant. They shared their personal experiences while demonstrating courage and compassion. Their heartbreaking stories about the fentanyl crisis resonated with our students and staff. Their message was not only informative but also highly engaging. The message about the dangers of Fentanyl made a lasting impression on everyone in attendance.

It is rare for presenters to move students emotionally and to inspire them to critically reflect. The Fentanyl Fathers succeeded in doing that. Their authenticity, honesty, and dedication to raising awareness about the dangers of Fentanyl and other dangerous drugs are unmatched.

I highly recommend the Fentanyl Fathers as presenters for any school or community program focused on substance abuse prevention, youth education, or mental health awareness. Their advocacy is saving lives and their message is one that must be heard.

On behalf of the entire Fordson High School community, thank you for your work, your courage, and your commitment to making a difference.

Sincerely,

Chadi Farhat
Principal
Fordson High School
