

School District Of The City Of Pontiac
PONTIAC HIGH SCHOOL
Teni Clark Franklin, Principal

To Whom It May Concern

I am pleased to submit this recommendation letter on behalf of Michael Gillette and Fentanyl Fathers. I had the honor of having Fentanyl Father's present at Pontiac High School. They demonstrated such professionalism, flexibility and diversity in their presentation that kept our students engaged throughout the entire assembly. They did a superb job with balancing speaking and engaging the audience as well as provided an interactive educational component to the presentation, all in under an hour. The speakers kept their portions brief, yet packed with valuable and relatable information utilizing videos and personal experiences to keep the audience engaged.

I definitely recommend schools to have this group present. Their message is powerful, relatable and hopefully we will see positive impacts from Fentanyl Fathers. Fentanyl Fathers are welcome at my school every year!

With regards,

Angela Powell Medlock, LMSW
