

# Technology at work for you

## CONNECTING YOUR BUSINESS TO THE TECHNOLOGY RESOURCES YOU NEED

### MANAGED SOLUTIONS

At J3 Technologies, IT Consultants that specialize in time and cost reduction by engaging our extensive partner network to meet the needs of our clients. Our focus allows clients to drive their business instead of endless vendor meetings, contract negotiations and cost negotiations. We remove roadblocks that frustrate clients by managing all aspects of a project, from the simplest request to the most technical.

### PROTECTING YOUR ASSETS

Our managed IT solutions keep your critical components—network devices, operating systems, servers, firewalls, email and even your phone systems—secure and running smoothly. Whether you want to outsource much of your infrastructure management, or simply optimize the systems already in place, we provide personalized managed IT services that save money and manpower. Solutions under our services are Data Back-Up & Recovery, Email Support, laptop/desktop management, server management, and vendor management. Just to name a few...
