

## CAPABILITY STATEMENT

Precision Engraving and Laser is a Small Business specializing in CNC, laser cutting, and laser marking services for commercial and industrial applications. With our expertise, industry-specific knowledge, versatile material capabilities, and commitment to exceptional precision, we deliver high-quality solutions that withstand demanding conditions. All our products are proudly made in the USA, reflecting our dedication to domestic manufacturing and superior quality control.

### Core Competencies

#### LASER CUTTING

Laser cutting up to 10ga steel, single parts or batches of 1000+

#### LASER ENGRAVING AND MARKING

Permanently mark steel, stainless steel, anodized aluminum, plastic, wood, glass and more. Ability to custom design and fabricate jigs that securely hold your tools, instruments, parts, and components during laser marking processes.

#### CNC CUTTING

Custom cut wood, aluminum, plastic and brass parts.

#### CNC ENGRAVING

Precise rotary engraving on steel, stainless, brass, aluminum, plastic and wood. Repeatability of 0.0015 in.

#### DESIGN SERVICES

Years of design experience with CAD and CAM software. Let us custom design a sign to fit your needs or supply your own premade artwork.

#### OTHER PRINTING SERVICES

Screen printing, UV Printing, Vinyl Decals, and more.

#### CUSTOM PARTS

Custom cut gasketing material, steel stiffeners, gussets, blanks, and more. The options are endless, just let us know your needs!

## Business References

We have successfully collaborated with numerous clients across industries including manufacturing, energy, promotional, retail, and more. Our commitment to excellence, precision, and customer satisfaction has resulted in long-standing partnerships and positive testimonials with the likes of:
