PERSONAL DEVELOPPEMENT WEEK

September 2 0 1 5

What's the Personal Development Week ?

The International School of Zug and Luzern prepares students for university and a life after they graduate. ISZL is dedicated to helping students of all ages to reach their highest level of success as global citizens of the world. ISZL offers a balanced educational program producing creative problem solvers, life-long learners, and engaged, rounded students while still emphasizing subject proficiency and preparing students well for university. The Personal Development Week (PDW) at ISZL offers students in the high school (mostly under 18 yearsold) an exceptional learning situation and meaningful opportunities to get to know world cultures, to experience and understand global issues and to identify needs for service and taking action. Providing students with experiences that are not otherwise possible during the normal academic program, the PDW is an integral and crucial part of the curriculum. All students are expected to participate as important learning takes place during these trips and, prior to departure and on return to school, the experience of PDW is further developed in the classroom.

The International School of Zug and Luzern (ISZL)

provides a high quality Early Years to Grade 12 international education to day students resident in the Cantons of central Switzerland. ISZL promotes a climate of respect, where outstanding teachers encourage students to develop self-confidence, positive relationships, and an enthusiastic approach to learning. ISZL is committed to excellence in education through a balanced academic programme. Students at ISZL share responsibility for their own learning in a caring and stimulating environment designed to promote achievement.

Eurasianet

Eurasia net is a non-profit organization specialized in Euro Asia international cooperation in the field of education, culture and international youth work. One of our main activities is to prepare and organize international voluntary service opportunities for youth with our Asian. We have a strong partnership with the non-for-profit Organisation Jeevan Recka Parishad (JRP) in India. We have developed several international cooperation projects with them including sending volunteers. Now, eurasianet will be coordinator : facilitate the communication between ISZLSchool and JRP, identifying opportunities and constraints from both organizations and facilitate of the activities implemented during this project.

Jeevan Rekha Parishad (JRP) is an organisation based in Bhubaneswar that aims to respond to the injustices and health emergency crises facing rural and minority communities, especially children, in remote villages and urban slums in the state of Orissa. It is a community-based, child - centred civil society organisation committed to addressing the social injustice, 'right to health' violations, and lack of access to essential social services that rural communities in Orissa are continually faced with.

PDW to Bhubaneswar, Orissa State, India

The aim of the PDW to Bhubaneswar is to help students come to terms with issues of human rights and social injustice and to understand the potentially empowering role of education in people's lives. Students will interact with local communities in order to contribute towards a development of intercultural communication skills and intercultural understanding, whilst at the same time being challenged to be creative, active and collaborative. Students will gain an insight into the social projects that JRP support, whilst at the same time experiencing and learning about the culture of Orissa state and its people.

Global objectives

/ To improve attitudes and understanding of cultural diversities // To promote continuous cultural cooperation between Swiss and Indian young people with a view to respecting each other's culture and greater knowledge and better mutual understanding of the different cultures /// Working with non-formal education methods and experienced based learning //// Coach students in their personal development

& long terme objectives

/ To sustain slum schools for children (teachers, materials) and allow some children to access public school // To develop fair trade opportunities between Europe and JRP Bee keeping project to empower tribal womens in their local economic development /// To develop global awareness and citizenship within Swiss and indian youth participating in the project //// To create a student's youth network between Europe and India
