

## **'November Nights'** **By Judith Cook**

November is here and our nights are darker and not very clear  
We go out to the shops to find everything is so damned dear.  
What makes us laugh in November?  
Wait a minute to see if I can remember.

Bonfire night well that's a bit of a fright  
we have too much going on already too right!!  
We need a distraction not something that might put us in traction.  
Blackpool Illuminations now they're an attraction.

On a cheerier note wrap up well keep those viruses to yer sel.  
With a boom and a bang our pets think what the hell!  
Make sure you cuddle um more and treat um well.

Put that Catherine wheel down and enjoy pie n peas  
It will fill yer belly and put yer mind at ease.

Right now the dark nights play havoc with our delight  
unless you cuddle up under your duvet for a "Movie Night".

As we look through the windows there arn't many flowers,  
we deffo don't want as many showers.

Let us end on a high  
as we look up to the sky.  
The sun is shining down on us.  
If yer a pensioner it's free on the bus!  
Walk tall and please remember  
we are all still here in dark November.
