**FOOD
SAFETY**

POWER SCRUB is ideal for dairy plants. It cleans both organic and inorganic deposits

POWER SCRUB CIP Cleaner is a heavy duty CIP detergent for effective removal of fatty and proteinaceous soiling from food, dairy, poultry, and beverage processing equipment. **POWER SCRUB** CIP Cleaner is a blend of proprietary alkaline agents and sequestrants that quickly works on organic soiling.

POWER SCRUB Alkaline Cleaner can be used for general cleaning of floors, walkways, vertical surfaces, equipment, tools, machinery and other hard surfaces.
