

ANNUAL MEETING

May 11th, 2022 - DeForest Public Library

5:30-6:30 PM

The public is invited to the Friends of the Yahara River Headwaters annual meeting at 5:30 on Wednesday, May 11th in the Library's Community Room (Downstairs). We will have interesting speakers on the efforts to protect and improve the Yahara River and its basin, a brief membership meeting, and refreshments.

Presidents Report

FYRH Board President Dan Jardine will share a brief update on the group's activities and upcoming plans.

2022 Headwater Lakes Report

Representatives of DeForest/Windsor area lake associations and lakeside residents will share an update on the health of their headwaters lakes and the activities and status of their associations.

Wisconsin

Village Update on Protecting and Managing the Yahara Headwaters

Staff will share local government efforts to safeguard the navigability and quality of the Yahara River in our communities

Rock River Coalition's Addie Schlusse Reports on the Yahara

Addie Schlusse is the Stream Monitoring and Aquatic Invasive Species Program Coordinator for the Rock River Coalition. She will update us on the health of the upper Yahara River and the water quality monitoring efforts in the area. She also has worked on the Suck the Muck projects and may discuss that program if time allows too.

FYHR Business Meeting

The group will recognize past board members, share exciting new developments, announce upcoming river events, and elect new board members.

Refreshments and Social

Refreshments will be provided during and after the meeting.
