

Dear Valued Patient,

Welcome to Sakr Dental Arts (SDA)! We are pleased to offer a complimentary shade matching service to ensure your dental work blends seamlessly with your natural teeth. We understand that custom shade selection is an essential part of achieving the best possible results, and we are dedicated to providing you with a personalized experience.

There's no need to schedule an appointment in advance—simply walk in and let us know you're here for a shade match or esthetic consultation. We recommend visiting between 9:00 AM and 4:00 PM, Monday through Friday. If these hours don't work for you, please feel free to contact us, and we'll gladly accommodate your schedule.

The shade selection process typically takes just 5-10 minutes. During this time, our skilled dental ceramics team will carefully assess the nuances of your tooth color and begin crafting a custom blend to perfectly match your smile. A professional camera will capture your tooth characteristics in natural sunlight for the most accurate results.

We look forward to assisting you in achieving your best smile!

Warm regards,
SDA Esthetics Team
