

ANCLOTE POTTERY CLASSES OF TARPON SPRINGS

Homeschool Pottery Classes are Eligible for Step Up/ Direct Billing!

Tuition is \$400/ 8 week session. Includes a two hour weekly class, all clay, glazes and firings. All wheel students will have their own dedicated wheel. Room for only six pottery wheel students per class. Classes sizes are small with individualized attention, geared towards personal growth. Tuition is the same for all age levels and classes. **For Step Up Direct Billing, look for us in EMA under “SteliosandmichelleartLLC”** and book a pottery session for each participating student. Once you put in for the session through EMA, we will email you to gather the rest of the details and schedule your student. (Step Up does not need to register through this website.)

Children ages 5-9 will learn techniques in hand-building, creating guided projects each week. Students will build, trim and glaze their projects, learning the many skills needed for building sculptures with clay. Students may also work with their own hand-building project ideas. Instructors, Michelle and Stelios will guide students toward incremental growth in handbuilding. Students must be ten years old to learn how to use an electric pottery wheel.

Tweens and Teens ages 10-17 will learn pottery wheel basics, building upon their knowledge from week to week. Students will learn the basics of throwing, trimming, handbuilding and glazing. This class works as an independent study, and instructors Michelle and Stelios will work with students towards their own personal growth. There is room for only six pottery wheel students in this class, and each is guaranteed their own dedicated wheel.

Adults may register with their child in any of the evening classes. You will just need register for a session for yourself as well! Adults will have their own dedicated pottery wheel, and will have the opportunity to toggle between hand building and throwing on a pottery wheel. Students will receive individualized instruction based on their goals.

All classes are subject to fill quickly! We have room for six pottery wheel students and six handbuilding students in each class.
