

HOMESCHOOL PAINTING CLASSES

Late Fall Session

At Anclothe Pottery

TUESDAYS 12PM-1:30PM

\$240/8 week session per student.

Register through website at
www.anclothe pottery.com/shop

If you would like us to direct bill through Step Up, look us up through EMA under "SteliosandMichelleArt" and put through one eight week painting session. We will email you to follow up and collect student details once you put your session through.

Location: Our Home. We give out the exact address after you register, but we are located within walking distance to Tarpon Springs Middle School. Class takes place in our peaceful covered patio, surrounded by nature. We will move inside the pottery studio for inclement weather.

About the class: Class is taught by Michelle Stylianou, who is a certified art teacher with 20 years of experience. Students will paint on 11x14 canvas. Each week they will create a guided painting curtailed for their learning level. Stencils will be provided. Students will be encouraged to use artistic voice and create their own finishing details on each painting. Students will learn foundational painting skills such as color mixing, brush techniques and composition by following a guided process from start to finish. The instructor demonstrates each stage allowing students to gain confidence and build a solid understanding of how to create a finished project.

Students are encouraged to make new friends, have fun and learn new techniques in this friendly, laid back atmosphere. Parents may wait in car in front of our home or run close by errands.
