**EVENT: BLUE MOUND**

Almost 50 people braved what started out as a blustery day to enjoy a lovely time orienteering. It was windy and cold at the top of the hill, but once you got moving out of the wind, people warmed up real fast. We had 21 starts, including many groups and families. The advanced course was challenging, but well-liked — same goes for the intermediate, which had its final control in a tricky boulder-intensive area. Only a few DNFs, one due to a gnarly injury — thank you to the folks (including anonymous hikers) who helped with recovery!

A huge SHOUT OUT to Rick Schnell for designing and setting the courses — no small feat!

Thanks also to Ben, Liz, Brian, Chris, Madeline, Rich, Michael, Tom and Susie for their help at the event — and to all the others who helped pre-and post-event.

There were a few found items, so please contact [orienteerwisconsin@gmail.com](mailto:orienteerwisconsin@gmail.com) if you left something behind.

Great job by everyone for adventuring outdoors in spite of a little snow and cold! We will see you next year!
