MEET OUR LEADERSHIP

Valedict developments has a team of highly experienced individuals who operate at high value standards, and who pride themselves in professionalism, quality and health and safety. The team is led by management with over 22 years of experience in the civil engineering construction industry.

SIBUSISO MNYAWE

Managing Director

Sibusiso is a seasoned civil engineer who holds a National Diploma and a BTech Degree from Durban University of Technology. His professional background includes positions at renowned companies such as Stedone Construction and Liviero Civils, where he focused on roads, landfills, and housing projects. In 2016, he established Valedict Developments, broadening his scope to encompass construction contracting, property development, and project management. With 18 years of industry experience, Sibusiso currently manages operations at Valedict Developments and is registered with the SACPCMP as a Construction Manager, showcasing his dedication to excellence and innovation within the field.

SIYABONGA GWEBU

Contracts Manager

Siyabonga completed his Grade 12 education and obtained a National Diploma in Civil Engineering. He spent 12 years training as a student technician at Fountain Civil Engineering, where he specialized in infrastructure. In 2020, he advanced to the role of senior production manager at Rokwil Civils, managing bulk earthworks. By 2023, he transitioned to Valedict Development as a contract manager, where he concentrated on project management, quality assurance, and compliance with safety regulations. Siya is currently pursuing SACPCM certification as a Professional Construction Manager (Pr.CM) and enjoys participating in short marathons during his leisure time.
