### ETHANOL EQUALIZER

**FULL SYNTHETIC GAS TREATMENT**

1 oz. PN-0186 2 oz. PN-0807 4 oz. PN-0700 16 oz. PN-0804 32 oz. PN-0704 1 Gallon PN-0619

**LIQUID PERFORMANCE ETHANOL EQUALIZER** is the only fuel additive needed to fix problems related to ethanol and non-ethanol added fuels. Its full synthetic formula removes water from your fuel tank caused by ethanol phase separation, stopping corrosion and engine detonation problems. With its advanced fuel system detergent, Ethanol Equalizer maintains a clean and lubricated fuel system improving power and throttle response. Ethanol phase separation in ethanol added fuels as well as time and humidity in non-ethanol fuels lowers octane levels. Ethanol Equalizer stabilizes fuel for over 3 years as well as adds up to 4 numbers, or 40 points of octane ensuring fuel quality and guaranteeing maximum mileage and performance with every fill up.

**PRODUCT PERFORMANCE HIGHLIGHTS**

- Stops Ethanol Problems
- Removes Water From Fuel
- Boosts Octane Up to 4 Numbers or 40 pts.
- Cleans & Lubricates Entire Fuel System
- Stabilizes Fuel For Over 3 Years
- Increases Fuel Mileage
- Works In Ethanol & Non-Ethanol Fuels
- Increases Horsepower

### DIESEL DOCTOR WITH CETANE MAX

**FULL SYNTHETIC DIESEL FUEL TREATMENT**

1 Gallon PN-0620 32 oz. PN-0607 16 oz. PN-0626 4 oz. PN-0624

**LIQUID PERFORMANCE DIESEL DOCTOR COMPLETE FUEL SYSTEM TREATMENT** is all you need to solve diesel fuel related problems and keep your engine running as it should. This EPA registered product contains no alcohol, it reduces ice formation of water in fuel and is specially formulated for all diesel engines including ultra low sulfur diesel and bio-diesel engines. Diesel Doctor will improve your performance and mileage as well as lower operating and maintenance costs.

**PRODUCT PERFORMANCE HIGHLIGHTS**

- Cleans & Lubricates Entire Fuel System
- Boosts Octane Up To 4 Numbers
- Reduces Sooting and Emissions
- Stabilizes Fuel for Over 3 Years
- Removes Water from Fuel
- Prevents Gelling to -20°F
- Increases Fuel Mileage
- Prevents Algae Growth
- Increases Horsepower

### DIESEL DOCTOR TECHNICAL SPECS

**FUEL STABILIZATION:** Conforms to specifications: MIL-7-824F and ASTM D 1555. Diesel Doctor Complete Diesel Fuel Treatment controls gum and varnish formation in all diesel fuels, stopping the formation of residues and deposits. This is the highest level of protection for any diesel fuel in storage, added at most 3 years in hot and cold temperatures. On generators, solenoids, heavy machinery, etc.

**ANTICORROSION PROTECTION:** This technology prevents corrosion on fuel tanks and storage tanks above and below the fuel with the only Diesel Doctor Corrosion Inhibitor available. Products are tested by ASTM D1385 (oxidation) and by SAE J2341 (acid) testing.

**IMPROVED POWER & FUEL EFFICIENCY:** Diesel Doctor Complete Diesel Fuel Treatment has additive components that contain a fuel oxidant that allows the diesel fuel to burn more efficiently, therefore reducing fuel consumption. The EPA's air lab increased resulting in improved fuel efficiency and horsepower.

**BOOSTS POWER AND TORQUE:** Due to more efficient combustion, fuels have indicated a significant reduction of exhaust smoke during acceleration and gear changes. As a result, particulate filters stay cleaner longer which means longer intervals between filter regeneration. In addition, EPA tests will have longer service life.

**3 YEAR CLEANING/REGENERATION RESISTANCE:** Diesel Doctor Complete Diesel Fuel Treatment prevents better volumetric efficiency allowing for continuously clean spray patterns. This detergent guards against gum and varnish build up to free up sticky injectors. Diesel Doctor Complete Diesel Fuel Treatment restores the fuel system back to the manufacturer's original specifications.

**NET OIL FUEL POINT APPROXIMATE:** Adding Diesel Doctor Complete Diesel Fuel Treatment into No. 2 Ultra Low Sulfur Diesel fuel effectively lowered the pour-point by -22°F (clean the base pour point).

**BOOST TORQUE (LUBRICITY):** The new LUBO blends reduce the amount of lubricity in the fuel. Diesel Doctor Complete Diesel Fuel Treatment has an additive that restores lost lubrication, which significantly improves the condition of the cylinder skirt, piston, and piston ring (as tested by ASTM D7088).

**BETTER AIR/FUEL PROTECTION:** Diesel Doctor Complete Diesel Fuel Treatment dispenses water molecules allowing them to pass harmlessly through the fuel system and burn during combustion. Diesel Doctor Complete Diesel Fuel Treatment prevents the soot build up in the diesel-cumulator from settling on the bottom of the tank. This prevents increased growth as well as other applications from forming sludge when sludge and detergent meet filters (as tested by ASTM D3284).

**ACTIVE IMPROVEMENT:** Diesel Doctor Complete Diesel Fuel Treatment increases octane ratings by 4 numbers or 40-points based on ASTM D619. This increase will assure better cold start, reduced smoke levels, better warm-up, improved engine power performance, and increased mileage.

**PROTECTION AGAINST ALGAE GROWTH:** Diesel Doctor Complete Diesel Fuel Treatment is 100% synthetic and will protect and stabilize seals, rubber components, and protect the fuel system from erosion and sludge build-up.

### MONSTER BOOST

**ULTRA HIGH PERFORMANCE FULL SYNTHETIC DIESEL CETANE BOOSTER**

4 oz. PN-0302 16 oz. PN-0702

**LIQUID PERFORMANCE MONSTER BOOST ULTRA HIGH PERFORMANCE DIESEL ADDITIVE** is the only PERFORMANCE additive you will ever need for your diesel engine with up to 10 additional numbers of octane. It boosts horsepower and torque like no other product on the market. With its full synthetic formula, it reduces soot build-up and lowers NOx's, removes water, cleans and lubricates the entire fuel system and stabilizes fuel over 3 years.

So if power and performance is what you want, then Monster Boost is the additive you need.

**PRODUCT PERFORMANCE HIGHLIGHTS**

- BOOSTS OCTANE UP TO 10 NUMBERS
- Increased Torque & Horsepower
- Improved Starting & Throttle Response
- Removes Water from Fuel
- Prevents Gelling to -20°F
- Increases Fuel Mileage
- Full Synthetic Formula
- Cleans & Lubricates Entire Fuel System
- Reduces Soot Build-Up & NOx's
- Stabilizes Fuel for Over 3 Years
- Reduces Ice Formation
- Formulated for All Diesel Fuels

**Technology To Meet Kyoto Environmental Accord Protocols**

- Emissions**
  - Negligible to 100% emission free
- Energy Usage**
  - Up to 99% reduction in Horsepower usage
  - Power required from control cabinet to levitate 23 MW, 11 for pipeline motor/compressor, rotor assembly is only 6.5 KW
- Safety**
  - Oil free, resulting in diminished fire hazard
  - Safer working environment, with reduced noise levels
  - Technology environmentally safe to operate near populated areas
  - Up to 99% reduction in contamination of catalyst, process fluids and pipeline gas
- Security**
  - Allows visual reduced profile on landscape
  - Allows inline installations on pipelines below surface level
- Economics**
  - Up to 90% reduction in maintenance costs
  - Up to 90% reduction in unscheduled shutdowns
  - Capital cost savings**
    - Elimination of bearing oil lube system
    - Elimination of gearbox oil lube console
    - Elimination of speed increasing gearbox or of coupling
    - Elimination of, or reduction in size of compressor/Motor Building
    - Reduction in foundation and piping support
    - Reduction in costs for building lighting, fire protection, etc.
  - Operating cost savings**
    - Significantly less power consumption
    - Eliminates costly oil purchase and oil disposal (UP TO \$800 A BARREL)
    - Reduces start and stop capability
    - Reduces operation and maintenance staff costs
    - Reduces insurance premiums

**Magnetic Bearings Serve A Full Range Of Rotating Equipment**

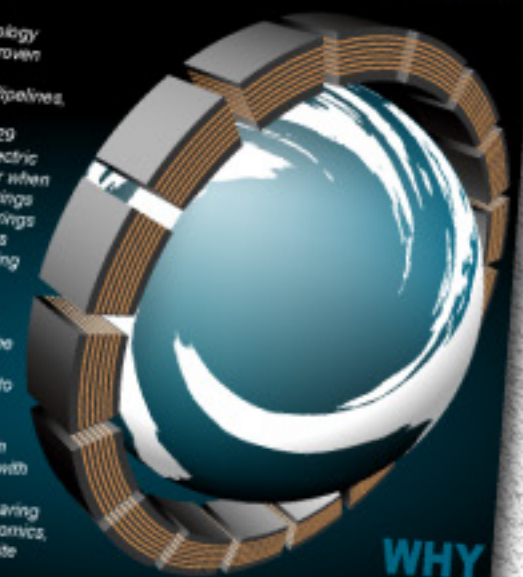

- Canned Pumps • Centrifugal Compressors
- Electric Motors • Gas Turbines
- Machine Tool Spindles • Military Applications
- Nuclear Applications • Process Rovers
- Pumps • Spin Testers • Steam Turbines
- Systems (Variable Speed Electric Motor Driven Compressors, Minus Gear Boxes for Pipelines and other applications)
- Turbine Generators • Turboexpanders

**The Big Picture**

- Magnetic Bearings are Proven Technology World Wide with millions of hours of proven operating time
- Payback can be less than a year on Pipelines Process and Offshore installations
- ROI is high, on a pipeline project with 29 stations, CAPEX over 25 years with Electric Motor option came in significantly lower when levitated with Waukesha Magnetic Bearings versus Gas Turbines on Traditional Bearings
- Sensitive Signaling Capabilities allows total rotor control, thus virtually eliminating vibration and allowing predictable preventative maintenance
- Technology is insensitive to high speeds and pressures and through Canning of the Rotors and Stators, allows no emissions and handles virtually any environment up to 400°C plus
- Technology is up to 99% availability, for start-ups, in some cases up to a minimum of 500 start cycles per year or 3 per hour with start-up to full flow in 20 minutes or less
- Justification, Gas Turbines to Magnetic Bearing Levitated Electric Motors is based on: Economics, Emissions, Performance, Reliability and Site Specific Aspects by major end-user
- Major end user states: Magnetic Bearings are viewed as Enabling Technology which is capable of delivering Environmental, Financial, Operational and Technical Benefits to a project

GLOBAL ENVIRONMENTAL LEVITATION TECHNOLOGY

**WHY MAGNETIC BEARINGS?**

**Value, NGC (Next Generation Controller)**

Magnetic Bearing condition monitoring. Configuration of the analog output signals is through the web browser interface and allows for unfiltered signals representing positions, currents, controller co-ordinates and many others. Advanced machinery monitoring may be achieved using additional bearing controller cards connected as co-processors through the TDM data links to provide spectral based diagnostics, results of which may be presented at the web browser interface.

The personality of the bearing controllers are held in plug in compact flash cards, allowing both controller parameters and control law to be readily reconfigured, saved and managed.

Our NGC Series of Controllers and our Unique Sensor Design and positioning allow us to handle the most challenging and difficult installations that have been turned down by others. Our NGC Technology also allows minimum field tuning times and is most conducive to remote monitoring and adjustments when required.

analog output of signals for use in conventional condition monitoring. Advanced machinery monitoring may be achieved using additional bearing controller cards connected as co-processors through the TDM data links to provide spectral based diagnostics, results of which may be presented at the web browser interface.

The personality of the bearing controllers are held in plug in compact flash cards, allowing both controller parameters and control law to be readily reconfigured, saved and managed.

Our NGC Series of Controllers and our Unique Sensor Design and positioning allow us to handle the most challenging and difficult installations that have been turned down by others. Our NGC Technology also allows minimum field tuning times and is most conducive to remote monitoring and adjustments when required.

**Patented RDS (Rotor Delevitation System)**

- Passive, no moving parts
- Elevated temperature capability
- Arduous environment capability
- Adjustable stiffness and damping
- Wear is only failure mechanism
- Not susceptible to corrosion
- Long installed life maintenance free
- Service condition is determinable from control cabinet without dismantling the machine, which is not possible when utilizing roller bearings.

**Rotor Bearings available for special applications**

**Un-interruptable Power Supply (UPS)**

- Available Upon request

SIXTH **6** ANNUAL

**FRANKLIN COUNTY ARTISAN STUDIO & HARVEST TOUR**  
 SATURDAY OCTOBER 17th 10AM-4PM  
 \* ALL ARTIST SITES WILL BE OUTDOORS \*  
 & MASKS WILL BE REQUIRED

**PORTIA ~ HOST ~ SITE 1**

An Abstract Expressionist working exclusively in acrylics, Portia is originally from the UK, and has been producing oil since the 1980's. She enjoys experimenting with the medium and loves paint, texture, and color. The disciplines that a work can take are always in flux.  
 P/540.508.2421  
 25 Little Mountain Drive  
 Rocky Mount VA 24151

**CARTER'S FIVE JEWELERS ~ HOST ~ SITE 5**

We feature the works of 8 artists in our store. All produced in loco and our jewelry. We have an extensive inventory of mounted and loose diamonds, gemstones, gold and silver, as well as unique and creative gifts.  
 P/ 540.483.8779 • E/ www.cartersjewelers.com  
 100 Old Franklin Turnpike, Suite 117, Rocky Mount, VA 24151

**CAROL YOPP ~ HOST ~ SITE 2**

Over 30 years selling fine art, originals in oil, gouache, pencil, silk cards, commissions, character portraits.  
 P/ 540.483.2000 • E/ carolart1944@gmail.com • W/ carolyopp.com

**DWIGHT HAYES ~ HOST ~ SITE 6**

Dwight Hayes is a local photographer of living forests and captured local landscapes and inspirational scenes from his vantage to the Holy Land. He also provides custom framing. His work is featured in downtown Rocky Mount at The Artisan Center (Event Creations and More).  
 P/540.489.0020 • E/ dhw@dwighthayes.com

**DRIVE DWYAL ~ SITE 2**

Drive Dwyal is an accomplished artist in watercolor and oil in a realistic style. Forests and their animals, historic mills and old time are just in a new perspective. Her original work is available as well as glass projects and cards.  
 P/540.722.1000 • E/ ddwyal@gmail.com • Commissions welcomed

**11 MARI NE GROTH - Guest**  
I live on a farm in Franklin County and enjoy gardening, riding my horse, hiking and photographing our animals. I find a great satisfaction in sharing the things I cherish through my art work.  
P: 540.731.8009  
E: [marienegroth@gmail.com](mailto:marienegroth@gmail.com)

**4 JOHN W. BOWMAN - Guest**  
John W. Bowman is a native of Rocky Mount in a native of Franklin County. Working in various media, he has produced landscapes and still life. As president of the Franklin County Historical Society, he endeavors to preserve Franklin County's historical sites for future generations.  
P: 540.483.9306

**4 TOMMY - Guest**  
Tommy, landscape artist, started painting seriously when he retired from teaching in the late 1990's. He prefers to paint in acrylics, oils, and oil pastels. He has studied painting under John Steiner and Lisa Dickerson, and is a member of the Blue Ridge Art Association.  
P: 540.483.1881  
E: [tommy@blue.com](mailto:tommy@blue.com)

**1 GALLERY IN THE PINES - PATTY KAY DOLLOFF - Host**  
Located in a picturesque, historic town and old country store on five beautiful acres, Gallery in the Pines is a wonderful venue for local and regional artists. The gallery is open year-round, and is a great place to see and buy original art.  
P: 540.578.1740  
E: [patty@dollloff.com](mailto:patty@dollloff.com)

**2 JAMA PHILLIPS FINE ART - Host**  
Jama Phillips is a California artist, painter, photographer and author. She has exhibited her work in galleries and museums in California, Virginia and Florida. She is a member of the Virginia and California Artists and Writers Guild.  
P: 540.730.3345  
E: [jama@jamafineart.com](mailto:jama@jamafineart.com)

**3 MANEHEAD CREAMERY - Host**  
I find our milk, butter, ice cream, cheese, and frozen yogurt to be a true treat. Along with many of our local farm products, we have a variety of gifts.  
P: 540.730.3345  
E: [manehead@manehead.com](mailto:manehead@manehead.com)

**4 HISTORIC ROCKY MOUNT TRAIN DEPOT - Host**  
52 Pine Hill Street, Rocky Mount, VA

**4 GRI MANNING'S BY GARDIN MOORE - Guest**  
I make traditional items such as Ashcroft bowls, table linens, table napkins, scarves and shawls. These are designed with a focus on using color to enhance the scenic landscape. My work can be found at the gallery in the Pines.  
P: 540.578.1740  
E: [gardin@pines.com](mailto:gardin@pines.com)

**4 LEE NEWBERRY - Guest**  
Lee Webster Pottery, creating at home, pieces with an earthy feel and look.  
P: 540.483.7800  
E: [lee@websterpottery.com](mailto:lee@websterpottery.com)

**4 REBECCA STOVER - Guest**  
Living in the Blue Ridge mountains, I am inspired by the beauty of the surrounding landscape. I prefer to paint in acrylics, oils, and oil pastels. I have studied painting under John Steiner and Lisa Dickerson, and is a member of the Blue Ridge Art Association.  
P: 540.483.3181  
E: [rebecca@stover.com](mailto:rebecca@stover.com)

**4 MARY ERVON FUSED GLASS - Guest**  
Mary Ervon creates creative and functional fused glass pieces. She is inspired by the light, shimmering through the stained glass windows and the natural beauty of southwest Virginia. These inspirations are woven into each piece of her work.  
P: 540.758.5307  
E: [maryervon@fuseglass.com](mailto:maryervon@fuseglass.com)

**4 ANCHELLE BRADLEY - Guest**  
I have always loved the look of colored glass so when I realized I had a talent for it, I was late, I found my place in the art world.  
P: 540.203.0349  
E: [anchelle@anchelle.com](mailto:anchelle@anchelle.com)

A local artist and photographer, Fan Studios Art & Photography is a member of the Virginia and Florida Artists and Writers Guild. She has exhibited her work in galleries and museums in Virginia and Florida.  
P: 540.483.1317  
E: [fan@studios.com](mailto:fan@studios.com)

# FIFTH ANNUAL FRANKLIN COUNTY ARTISAN STUDIO & HARVEST TOUR

OCTOBER 19<sup>th</sup> - 20<sup>th</sup>  
SATURDAY 10am-4pm - SUNDAY 12pm-4pm

**ERIDAN**  
Philip Sheridan, past President & member Bald Knob Artists, studied locally after retiring to the Lake in 2004. Art is a retirement activity, stemming from a love of travel on all continents and throughout the USA & Canada. Drawing and oil painting are enjoyed the most. A married grandfather who lives at the lake.

Marlene has painted ever since she can remember. She likes to paint animals and woodland nature scenes. Many pictures are taken from the flowers, dogs, cats, horses, chickens, goats and donkeys on her farm. She works in all mediums and has earned 6 blue ribbons in local shows.

Interested in participating in next year's tour? Call at: 540.483.2850 or by email at: art1944@gmail.com

We feature the works of 21 artists in our show. All you need is time and money. We have an extensive inventory of jewelry and home decor. Diamonds, gemstones, gold and silver, as well as unique and unusual gifts.  
P: 540.483.0778  
E: carters@psart.com

**LEE ANEWING**  
Lee Anewing pottery, creating unique ceramic pieces with a soft, hand-thrown look.  
P: 540.483.2850  
E: leeanewing@psart.com

**JERRY McGINNIE HANDMADE INSTRUMENTS**  
Jerry McGinnie handcrafts violins, violas, cellos, and double basses. He also creates custom instruments based on the desires of the individual musician.  
P: 540.483.9219  
E: jerry@psart.com

**ARITA DONAHUE**  
Local landscape artist inspired by the beauty of nature. Art is her gift to us with her oil and watercolor paintings. She also creates custom instruments based on the desires of the individual musician.  
P: 540.483.2850  
E: arita@psart.com

**MELL FREDERICKSEN**  
A professional artist for more than 30 years, Mell is an active member of the Virginia Artists Guild. He has exhibited his work in numerous galleries and museums. He also creates custom instruments based on the desires of the individual musician.  
P: 540.483.2850  
E: mell@psart.com

**REBECCA STORMER**  
Artist of the Blue Ridge Mountains, with a focus on painting in watercolor, acrylic, and oil. Her work is available at the Artisan Center in downtown Rocky Mount, Virginia.  
P: 540.483.2850  
E: rebecca@psart.com

**MARLYN MCDONALD**  
Marlyn's interest in art started before receiving her Art Degree from Smith College. She has been painting for 30 years in watercolor, acrylic, and oil. Her artwork has been in a number of juried shows and has been displayed in various places in the South Mountain area.  
P: 540.588.1477  
E: marlyn@psart.com

**ROW DOWLING**  
Row Dowling is a professional musician and woodworker. He builds and customizes instruments to meet the needs of his customers. He also creates custom instruments based on the desires of the individual musician.  
P: 540.483.5430  
E: row@psart.com

**SIRE COOPER**  
I work in watercolor, oil, and pastel and mixed media. My work is available at the Artisan Center in downtown Rocky Mount, Virginia.  
P: 540.483.2850  
E: sire@psart.com

**MARCY ERMONSON FUSED GLASS**  
Fused glass is the process of melting pieces of glass together by heating them in a kiln. Marcy Ermonson has been fusing glass for many years. Her work is available at the Artisan Center in downtown Rocky Mount, Virginia.  
P: 540.483.2850  
E: marcy@psart.com

**MICHELLE SPADLEY**  
I have always loved the look of colored glass so when I learned how to make fused glass, I knew it was the place for me in the art world.  
P: 540.263.8348  
E: michelle@psart.com

# BikeMaster FUEL-TEK

COMPLETE FUEL TREATMENT

EPA REGISTERED

STOPS ETHANOL  
FUEL PROBLEMS

BOOSTS OCTANE  
INCREASES HORSEPOWER  
AND MILEAGE

BikeMaster Fuel-Tek Complete Fuel Treatment is the only fuel additive you'll need to keep your 2 or 4 cycle engine running at peak efficiency. This one little bottle does it all and effectively treats, ethanol added fuels, non ethanol fuels and race fuels. Fuel-Tek Stops All Ethanol related fuel problems, Boosts Octane Up to 4 Points, Cleans and Lubricated the Entire Fuel System, Increases Horsepower and Fuel Mileage, Replaces Lost Octane, and Stabilizes Fuel For Up To 36 Months.

TREATS 1 TANK  
(UP TO 10 GALLONS OF FUEL)  
FOR USE IN TWO & FOUR CYCLE ENGINES

\* Sold as a countertop display with 24, 1oz. bottles, retail priced individually.

4900 Alliance Gateway Freeway • Fort Worth, TX 76177  
Phone: (877) 848-1320 • Email: info@bikemaster.com

RETAIL PRICE - \$19.99

5 Gallon - PN-532309  
RETAIL PRICE - \$79.99

# BikeMaster

## BIKE WASH

SPRAY-ON/RINSE-OFF FORMULA

SAFE FOR ALL BIKE SURFACES

For all your Powersports vehicles, BikeMaster Bike Wash has got you covered. This proprietary formula removes grease, bugs, dirt, road grime and leaves a shine better than any of the competitors. With its spray-on/rinse-off, no scrub formula you will be out cruising while the other guys are still scrubbing. Safe for all bike surfaces when used as directed. Non-corrosive and biodegradable.

**LIQUID PERFORMANCE**  
**TRACER BLUE**  
**SPRAY PATTERN INDICATOR**  
 CONCENTRATED, WATER SOLUABLE, & NON-TOXIC  
 FOR MIXING WITH WATER BASED SOLUTIONS ONLY.

It's clear, quick and leaves a easily-visible finish across your lawn. Stop playing the guessing game with your markings. Efficiency is a fine line but with Tracer Blue you choose where that line goes.

Our Tracer Blue formula provides an extremely useful (hyper-concentrated) way to create guidance markings that show you where you've already treated and where you need to go next.

**CONSISTENT SPRAY** - Ideal for marking herbicides and fertilizers, our ultra-concentrated solution ensures you get a steady, smooth blue color, so you can track your progress easily, saving time and countless 'did I spray there already?!' headaches.

**PROFESSIONAL STANDARD** - Trusted by professionals and homeowners alike to make treating your lawn for weeds and grubs a breeze.

**HIGHLY VISIBLE BLUE** - What's worse than spraying your land for half an hour, only to find the trail you thought you were making is non-existent? We can't think of much! Our spray pattern indicator will leave a solid trail behind that won't give you the blues!

**EASY TO USE** - Simply mix half an ounce per gallon of spray solution and never lose track of where you sprayed again!

**Wind Drift & Overspray Reducing Formula!**

- **EASILY MARKS GRASS AND LAWNS MIX WITH HERBICIDES, FUNGICIDES, PESTICIDES, & FERTILIZERS**
- **INDICATES WHERE SPRAY MIXTURES HAVE BEEN APPLIED**
- **NON-PERMANENT AND NONSTAINING**
- **ADJUST THE PATTERN VISIBILITY BY ADJUSTING THE CONCENTRATION OF MIXTURE**

**LIQUID PERFORMANCE**  
**TRACER BLUE**  
 NON-PERMANENT/NON-STAINING  
**SPRAY PATTERN INDICATOR**  
 Easily mark your way on grass and lawns by mixing Tracer Blue with any herbicide, fungicide, pesticide, or fertilizer!  
 CONCENTRATED-WATER SOLUABLE-NON-TOXIC  
 NET WT 8 OZ (237 ML)

**ETHANOL EQUALIZER**  
**FULL SYNTHETIC GAS TREATMENT**

2 oz. PN-0907 4 oz. PN-0765 16 oz. PN-0854 32 oz. PN-0784 1 Gallon PN-0819

**PERFORMANCE ETHANOL EQUALIZER** is the additive needed to fix problems related to ethanol and non-ethanol added fuels. Its full synthetic formula removes water from your fuel tank caused by ethanol phase separation, stopping corrosion and oxidation problems. With its advanced fuel detergent, Ethanol Equalizer maintains a clean fuel system improving power and throttle response. As time and humidity in non-ethanol fuels cause ethanol phase separation in ethanol added fuels, Ethanol Equalizer stabilizes fuel levels. Ethanol Equalizer stabilizes fuel levels as well as adds up to 4 numbers, or 40 octane ensuring fuel quality and guaranteeing mileage and performance with every fill up.

Not Pictured: 5 Gallon PN-0833, 55 Gallon PN-0835, 275 Gallon Tote PN-0873

**PRODUCT PERFORMANCE HIGHLIGHTS**

- **Stops Ethanol Problems**
- **Removes Water From Fuel**
- **Boosts Octane Up to 4 Numbers or 40 pts.**
- **Cleans & Lubricates Entire Fuel System**
- **Stabilizes Fuel For Over 3 Years**
- **Increases Fuel Mileage**
- **Works In Ethanol & Non-Ethanol Fuels**

## ET STARTED ON OUR BUSINESS ACCOUNT WITH A SIMPLE HANDSHAKE.

In the fast paced  
environment of today's  
business world, it's nice to know  
that some old fashioned traditions like  
sealing business with a handshake have survived.

**COMMUNITY CHANGE *can* BE GOOD**

Tech Federal Credit Union is now Freedom First Credit Union, and along with our name change has come an exciting opportunity for you.

We have converted from an employer-based charter to a community-based charter. Now, Credit Union membership is open to anyone living, working, worshipping, or going to school in Roanoke, Botetourt and Montgomery Counties as well as the cities of Roanoke, Radford, Salem and the Town of Vinton.

Freedom First Credit Union has been a financial cooperative since 1956 existing for the sole purpose of providing low-cost high-value personal financial services to our member-owners. Unlike a bank, Freedom First is a not-for-profit cooperative. As such, our primary goal isn't to generate profit for a select group of individuals, but rather to serve our members by providing convenient personal financial services at the lowest possible cost. You'll enjoy the peace of mind knowing that every Freedom First account is insured up to \$100,000 by the National Credit Union Administration.

We hope that you will stop by to review our full line of financial products and our easy-to-use electronic conveniences. Discover why so many people are switching to Freedom First.

Put simply...*It's a better way to bank!*

SMALL BUSINESS ASSISTANCE

**Make it happen with Business Assistance at Radford University**

Each business that succeeds and grows in Western Virginia makes the region's economy stronger. At Radford, we consider fostering a healthy regional economy to be an appropriate mission for a public university. In fact, we see it as a responsibility.

Five centers in Radford University Business Assistance share one goal: to support businesses throughout Western Virginia. From international expansion to software certification, the BA's professional staff work together to provide in-depth, hands-on services and programs.
