Your Lock May Not Be Protecting You

Understand the differences:

| Type of Lock | Security Level Provided | Examples |
|---|-------------------------|--|
| Keyed | Low | Standard residential door locks, padlocks, and many commercial door locks. |
| Keyed with anti-pick | Medium | High-security residential door locks, many commercial door locks, and some padlocks. |
| Keyed with anti-drill | High | High-security commercial door locks, some padlocks, and some high-security residential door locks. |
| Keyed with anti-bump | Very High | High-security commercial door locks, some padlocks, and some high-security residential door locks. |
| Keyed with anti-pick, anti-drill, and anti-bump | Very High | High-security commercial door locks, some padlocks, and some high-security residential door locks. |
