

Explore our watertight base policy and seaworthy custom options

Did you know that the base contract for **Safeco® Watercraft** is packed to the gills with a ton of coverage? **But insurance is never one size fits all.** You can also offer your customers custom options so they get sea-legs confidence in their coverage.

Check out these base policy features for all boating enthusiasts:

Total losses are settled using agreed value, with no reduction for depreciation.

Coverage for personal effects like fishing or scuba gear is included with physical damage coverage up to \$750.

On-water towing and labor costs are covered up to \$500.

Includes wreckage removal and fuel spill coverage at the limit of liability.

Coverage for unattached equipment items such as anchors, water skis and GPS units are included with physical damage coverage at 10% of hull coverage amount or \$100, whichever is greater. (More coverage is available for additional premium.)

Pet coverage is automatically included with physical damage coverage for the insured's dog or cat*.

** This coverage provides a \$1,000 death benefit, or up to \$1,000 for veterinary expenses if the pet dies or is injured as a result of upset, collision or theft of the watercraft (subject to a maximum limit of \$1,000 per incident).*

Discover custom coverage options for the most advanced seamen:

With the **Captain's Package**, customers can add purchase price coverage for boats up to two years old.

The **Captain's Package** increases personal effects limits to \$2,500.

And for the most avid of anglers, add additional fishing equipment coverage with a single item limit of \$1,000 and overall limits available up to \$20,000.

With **The Captain's Package**, if the customer's boat is disabled, runs out of fuel, or needs a tow the on-water emergency assistance limit increases from \$500 to \$1,000.
