Dear Hon. Ron Wesen,

As president of the National Association of Counties (NACo), it is my pleasure to confirm your nomination as a member of the Environment, Energy and Land Use Policy Steering Committee and offer my congratulations!

National Committee membership is a serious responsibility that takes commitment, but it is also a rewarding experience. NACo's strength is in our committees, and your active participation will add to that strength. The expertise and engagement of our steering committee members like you is a major reason why Congress and federal agencies often look to NACo for feedback on legislative policy decisions being made in Washington D.C. This nomination to a NACo steering committee also presents a great opportunity to share with and learn from your county colleagues.

As a member of the Environment, Energy and Land Use Policy Steering Committee, it is important to stay informed of legislative and regulatory action relevant to your committee. Your NACo committee liaison is Adam Pugh (apugh@naco.org). Adam will send regular email correspondence to committee members, and you are responsible for reviewing the information supplied and responding accordingly.

As a member of a NACo steering committee, you are expected to participate in our monthly conference calls and attend both NACo's Legislative Conference and Annual Conference. Monthly conference calls are a great way to stay up to date on developments from Capitol Hill and provide a platform to discuss county issues with your colleagues across the nation. Please note the following dates and locations for the upcoming conferences:

NACo's 2021 Legislative Conference, February 20 – 24, 2021 in Washington, DC

NACo's 2021 Annual Conference, July 16-19 in Travis County/Austin, Texas

Again, congratulations on your nomination to the Environment, Energy and Land Use Policy Steering Committee. This promises to be an exciting year and I look forward to working closely with you to further the goals of our nation's counties.

Sincerely,

Gary W. Moore
