

DESIGNED FOR SMALLER STRINGED INSTRUMENTS

Adapting a unique design on a smaller scale.

Meet the Mini X Stand. It's a scaled down version of the original Amazing X Stand that uses the same unique hinged "X" format for smaller stringed instruments such as violins, violas, mandolins, and most ukuleles. Like the larger sized X Stand, you can quickly change instruments while on the stage and protect your instrument from many mishaps that can occur.

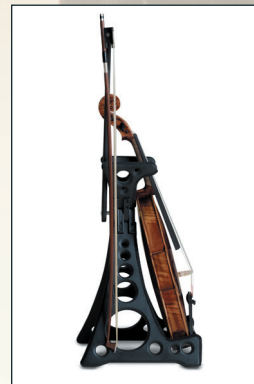

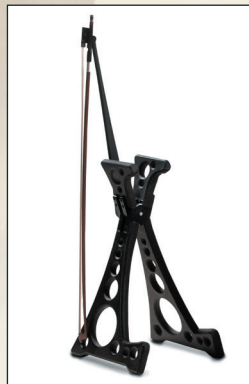

With its tabletop size, it's a perfect way to display your instrument while enticing you to play because it's never out of sight.

For Smaller Stringed Instruments

- Convenient tabletop size
- Unique "X" hinged design
- Protects edges of instruments
- Folds flat for easy transport
- Optional bow holder attachment available
