

THE ORIGINAL DOUBLE BASS TRANSPORT

Transport your double bass with ease.

Here's the original ergonomic design that provides an easy way of transporting your bass. The Bass Buggie® is compact with a lightweight design and 6-inch wheel diameter that's made of shock absorbent durable resin compound.

It fits any sized bass that not only helps protect your instrument while transporting it, but also protects your back from strain. Available in standard black color or an extra splash of color in red.

The only regret you'll have about investing in your Bass Buggie™ is that you didn't do it years ago.

Available in red for an extra splash of color.

- 6-inch wheel diameter
- Weighs only 3.5 lbs. (1.588 kg)
- Original standard color in black
- Extra splash of color in red
- Use with or without instrument bag
- Easily moves over indoor and outdoor terrain
- Fits any sized bass from 1/10 to 4/4

Conserving players and their instruments for years to come.
