

THE SPOTLIGHT FADES TO BLACK

A premium option for both the Amazing Bass Stand & Cello Stand

Concert Black allows performers to virtually blend into the stage while still providing a way to protect their instrument from damage while preventing fatigue during a performance. It has all the features of the standard models with a more stylized appearance in the Black Diamond MDF with a hand rubbed oil finish.

The Concert Black version has rubber bumpers on the contact surfaces to protect the edges of a bass or cello when placed on the stand. The instruments are at the greatest risk of damage on the floor of a stage or an orchestra pit. It's a more fashionable option without sacrificing comfort.

For double bass and cello

- Easy assembly & transport
- Conveniently folds flat
- Helps prevent fatigue
