

# DESIGNED FOR SMALLER STRINGED INSTRUMENTS

## Adapting a unique design on a smaller scale.

The unique hinged "X" format of the Amazing X Stand is now adapted for smaller stringed instruments like violins, violas, mandolins and most ukuleles. Compact and lightweight, it's made of black rugged, medium density fiberboard (MDF) and is formaldehyde free.

The Mini X Stand comes with the option of a bow holder for use with a violin to protect the bow and to keep it with the instrument.

Its tabletop size is a perfect way to display your instrument while enticing you to play at the same time or easily folds flat when not in use.
