

A DIFFERENT KIND OF PERCH FOR MUSICIANS

Introducing the Fiddler's Roost.

A seat designed to provide comfort for the player and a way to display your fiddle. The seat is slightly higher than a standard chair so it tends to keep the knees a bit lower and encourages proper playing posture while providing the ergonomic comfort that all RC Williams Company's musical instrument stands are known for.

The Fiddler's Roost offers a unique option for your violin. It's suspended by its C-Bout with a bow holder directly behind the instrument slot. It secures your instrument on the stand behind the seat while enticing you to practice because your instrument is never out of sight.

Bring your music home to roost!

For Any Violin Player

- Height from floor to top of seat: 20 in. (50.80 cm)
- Weight: 14 lbs. (6.35 kg)
- 1-inch thick seat for comfort
- Made from durable Black Diamond MDF
- Easy assembly and disassembly for transport/storage
- Gig bag available separately

Conserving players and their
instruments for years to come.
