

PRAYERS OF THE PEOPLE

Guidelines for Adding and Removing Names

The following guidelines will be used for maintaining our Sunday's Prayers of the People.

- Names will be added upon request to the parish administrator. Names will remain on the list for a default period of one month.
- Names may be included on the list for longer than a month, however the date on which the name will be removed should be specified. This end date can be modified if a name needs to be kept on the list for longer than initially requested.
- All names will be read aloud each Sunday and will be included in the list of names in the Sunday bulletin.
- Names will be removed after a month unless a request has been made specifically to include that name for more than one month.
- Trinity members who are in nursing homes or assisted living will remain on the list indefinitely.

Presented to Vestry March 28, 2019
